HARDY EVERBLOOMING ROSE

Etoile De France

FOR DESCRIPTION AND PRICE SEE INSIDE FRONT COVER

ETOILE DE FRANCE

See First Cover Page for this Rose Shown in Colors.

THE GOLD MEDAL ROSE OF FRANCE, and claimed by the raiser, J. Pernet Ducher, to be the finest Rose he has ever sent out. We believe with him that it has no superior. A very strong, vigorous grower, with handsome green-bronzy foliage, and exceedingly free flowering. The flowers are very large, and borne on good, long, stiff stems. Color a lovely shade of clear red velvety crimson. Very deep and rich in color, very fragrant, and keeps well. In England, where it has been tried extensively during the past season, it has caused quite a sensation. Our opinion is that it will become as much of a favorite as La France. Keep your eye on this variety, as it is a stayer, and altogether a grand variety. Mr. J. Pernet Ducher, the famous rosarian of France, the introducer of this Rose, says of it: "Etoile de France will prove a grand addition to this class of Hybrid Tea Roses, because it answers to many real wants; for bedding and massing it will be much appreciated: for cut flower purposes it will prove a very good variety on account of its color and free-blooming qualities. Without any exaggeration we may assert that Etoile de France will be appreciated by all lovers of the queen of flowers, and promptly gain the great popularity granted all over the world to our introductions: Madame Caroline Testout, Souvenir de President Carnot, Madame Abel Chatenay, Prince de Bulgarie, etc., etc., which are the gems of this glorious class of Hybrid Tea Roses that were raised by us, we are much honored to say."

Price, Fine Plants, 15 Cents Each, Three for 40 Cents; Two-Year-Old Plants, 40 Cents Each.

THREE GRAND PEONIES

See Fourth Cover Page of These Peonies in Color.

PEONY FESTIVA MAXIMA.

FESTIVA MAXIMA.

This is not only the finest white in existence, but in most quarters is regarded as the queen of all the Peonies. The genuine is none too plentiful, and at least five other kinds are sent out by some dealers in its stead. Mr Harrison says: "Here at the door stands queenly Festiva Maxima, white as the soul of the Madonna, with now and then a blood drop, as though the iron had sometime entered her heart. What a marvelous flower!—seven inches across. This flower has reached the ultimate beyond which we cannot go." It combines enormous size with wondrous beauty, often seven to eight inches in diameter. Color snow-white, flecked with an occasional clear purple spot on edge of center petals. In addition it is very fragrant; a glorious flower impossible to describe; magnificent. **40 Cents Each; Three for \$1.00.**

JENNY LIND.

A marvelously grand Peony. "What Rose can match it?" Large blooms on long, stiff stems. Strong grower and free bloomer. Color bright clear pink, silvery reflex, with narrow white petals interspersed with the center petalage, "and in the center the lingerings of gold from which come exhalations of sweetest perfume." **40 Cents Each; Three for \$1.00.**

FELIX CROUSSE.

All Peony enthusiasts are familiar with the fact that it is difficult to get a red Peony that is a self color—that is, a full, rich, even shade of red, without being suffused with a shade of another color. Felix Crousse fills the bill—a rich, even, brilliant ruby-red, exceptionally fiery, bright and effective. Very large, full-shaped bloom. We place this in the front rank of all red Peonies. Nothing like it in color. We have the largest stock of this variety in the world—some ten thousand plants. **40 Cents Each; Three for \$1.00.**

SPECIAL OFFER WE WILL SEND ONE GOOD ROOT OF EACH OF THE ABOVE PEONIES FOR \$1.00 NOTHING BETTER IN PEONIES OFFERED.

ROSES ON THEIR OWN ROOTS

We make a specialty of growing Roses, and have over four million Rose Plants now in pots ready to be shipped. All our Roses are grown on their own roots, thus insuring you the same variety you plant as long as any of the plant and root remains. Don't buy budded or grafted Roses. If you do you will be disappointed, unless you know how to keep the wild suckers down from smothering the plant. Many fail with their Roses on this account.

Buy Good & Reese Roses On Their Own Roots. They Never Disappoint You.

TWO KINDS OF ROSES

Roses Grown for the Amateur Garden May be Described as Two Kinds
The GOOD & REESE KIND and THE OTHERS

THE GOOD & REESE KIND are summer-propagated, winter-rested, own-root Roses. The wood for their propagation is grown at the time of year that it is natural for the Rose to grow—summer time; don't need forcing; plant and water, and they just grow—can't be kept from it. They are rooted and potted to make their summer growth. After ripening up in the fall they are placed in cool greenhouses at 30 to 40 degrees during the winter and allowed to rest, often during cold nights freezing solid. After being allowed to rest this way they will ship and plant under almost any conditions and grow and bloom for the planter. THE ROSE MUST HAVE A REST EACH AND EVERY YEAR if you want the best results. This is just as natural as it is for you to breathe, and good results cannot be obtained unless they have this rest. The Goode & Reese Company have been growing this kind of Roses for twenty years, and have sold over forty million Roses in that time to upwards of a million customers. THE GOOD & REESE SUMMER-PROPAGATED, WINTER-RESTED, OWN-ROOT ROSE is the best Rose to plant anywhere on the globe at any time of the year, and for any purpose for which the Rose is used; always remember that it is the roots of a Rose you should buy, and not the top. The top of the plant you buy never gets any bigger, but the growth is made from the root; hence, always plant GOOD & REESE SUMMER-PROPAGATED, WINTER-RESTED, OWN-ROOT ROSES.

LISTEN! WHAT A CUSTOMER SAYS OF OUR ROSES

THIS IS PROOF THAT GOOD & REESE ROSES GROW AND BLOOM.

THE GOOD & REESE COMPANY, Springfield, Ohio:

Gentlemen:—We have the finest rose garden in the state. This morning we picked ten dozen White Maman Cochet from thirty bushes, each bud perfection. These roses were bought of you and I sold them for 75 cents per dozen. I have made eleven dollars this week from these roses. Your roses have given better satisfaction than any others.

Respectfully,

COBB COUNTY, GEORGIA, October 17th, 1908.

MRS. MEINERT.

The Best of the New Roses

BLOOMENSCHMIDT

There has been a demand (as yet unmet) for a good bedding yellow Rose. Here it is. On our proving plot the past summer it was grand. The color is a pure citron-yellow, outer petals penciled delicate rose. Blumenschmidt has a future; try it. **15 cents each; two-year-old plants, 40 cents each.**

ETOILE DE FRANCE

The Gold Medal Rose of France, and claimed by the raiser, J. Pernet Ducher, to be the finest Rose he has ever sent out. We believe with him that it has no superior. A very strong, vigorous grower, with handsome green-bronzy foliage, and exceedingly free-flowering. The flowers are very large, and borne on good, long, stiff stems. THE BEST OF THE NEW ROSES == Concluded

GENERAL McARTHUR

We have pleasure in offering this fine Rose, confident that it will please. It has had a thorough test the past season in the hands of numerous experienced Rose growers, and has been placed before critical judges, who fail to find the slightest defect in it as an all-round garden Rose. It has been thoroughly tested by us the past year both outdoors and in greenhouses, and we are fully convinced that it is a grand improvement in the class of ever-blooming hardy red Roses. In color it is the brightest among all the Roses, being a vivid crimson-scarlet. Of free-branching habit of growth, very vigorous and healthy, every shoot producing a flower, and hardy enough to withstand our severe winters. **Price, 15 cents each; large two-year-old plants, 35 cents each.**

MARIGOLD, A Beauty

Buds long and pointed, deep saffron-yellow, opening canary, with dark golden shadings; blooms large, petals immense; opens very freely; a fine upright grower, of branching habit; exquisitely beautiful; very large in size, but very long and pointed. **15 cents each; two-year-old plants, 30 cents each.**

HELEN GOOD, The Beauty Cochet

This is a true Cochet Rose, and after two years' trial in the garden we pronounce it as good as, if not better than, any Rose for the garden ever sent out. We bought the entire stock of this Rose from the introducers, paying them \$1,000 for two plants, this being by far the highest recorded price ever paid for any Rose. The color is a delicate pink, suffused with yellow, each petal edged deeper, very chaste and beautiful. The color, with its immense size and exquisite form, makes it without question the greatest Tea Rose ever introduced, and we are proud to have brought it out. C. W. Miller, of Bellevue, Ky., writes us that of all the many Roses he has tried, Helen Good heads the list for size, color, fragrance and free blooming qualities. It has all other Roses beat. Be sure and try it, as it is a wonder. **10 cents each; two-year-old plants, 30 cents each.**

KILLARNEY

Siebrecht, the great Fifth Avenue, New York, florist, claims that this is the finest pink Rose ever introduced. He used it almost exclusively during the past year for the great society decorations of New York. In coloring it is especially beautiful, being an exquisite shade of deep shell-pink, while the flowers are enormous in size, the petals being frequently two and one-half inches deep. **15c each; two-year-old plants, 35c each.**

LADY BATTERSEA, The Red Kaiserin

In the English gardens this Rose is very popular, its novelty and charm lying in its unusual coloring and its long, graceful buds. Called by many the Red Kaiserin. The buds are full and pointed and of a beautiful cherry-crimson, permeated with an orange shade. We recommend this as one of the easiest and best. **15 cents each; two-year-old plants, 30 cents each.**

LAURENT CARLE

An extremely vigorous grower, of erect branching habit. The buds are long, and borne on fine stems, opening into large flowers of perfect form, just full enough to open freely. Color brilliant velvety red. A rival for best red Rose with Etoile de France. **15 cents each; two-year-old plants, 40 cents each.**

MADAME CONSTANT SOUPERT

A fine grower, with enormous buds, sharply pointed and plump, color deep golden-yellow, tinted and shaded with rosy-peach; one of the very finest Roses of recent introduction, with good stiff stems and elegant dark foliage. **15 cents each; two-year-old plants, 40 cents each.**

MAIDEN'S BLUSH

Have you ever seen the blush of a beautiful maiden? If so, you will readily understand why this Rose has been so named. The soft blending of the salmon-pinks and the rose-pinks and the beautiful flush tints in this Rose give a singular resemblance to the entrancing flush on a maiden's cheek. Grown by Shellum, the noted Philadelphia florist, a grand garden Rose. **15 cents each; two-year-old plants, 35 cents each.**

PERLE VON GODESBURG,

The Yellow Kaiserin.

This is identical with Kaiserin Augusta Victoria, the peer of any Rose except in color, being a pure white with a yellow center. Exquisitely beautiful. **15 cents each; two-year-old plants, 35 cents each.**

Helen Good

QUEEN BEATRICE

The flowers are very large, on strong stems, clothed with clean, heavy foliage and strong spines. The buds are long and pointed in shape, and open up beautifully into a full, rounded flower. In shape of bud and half-open flower it very much resembles Souvenir de President Carnot, but is very much larger. Color a glowing shell-pink, very deep in the center; the fragrance is delicate and pleasing. A correspondent of the American Florist, in commenting on this Rose in last March, says: "The exhibit of Queen Beatrice was a departure from the rest, as it was a vase of Roses. But such Roses! They towered above the Carnations, on strong stems clothed with heavy foliage, and were as large as American Beauties, but of a beautiful clear pink, almost light enough to be called a shell-pink." **Price, 15 cents each; large two-year-old plants, 40 cents each.**

RHEA REID

As large as American Beauty, as double as Bridesmaid, as fragrant as La France, as free flowering as Helen Good, as red as Etoile de France, it has all the good qualities of the good garden Rose. Can't be beat. **Price, 20 cents each; two-year-old plants, 50 cents each.**

STRIPED REINE MARIE HENRIETTE

Everybody is familiar with that best of all climbing red Roses, Reine Marie Henriette. It is planted more largely in Philadelphia and south of that latitude than any other climbing Rose. This striped or variegated form is identical in every way except that the flowers are a bright red, distinctly striped with light pink. It will be planted as widely as any climbing Rose when Rose lovers know its beauty. **15 cents each; two-year-old plants, 35 cents each.**

TAUSENDSCHON, or Thousand Beauty

A climbing Rose that comes to us from Germany. The flowers upon first opening are the most delicate shade of pink ever seen in a Rose—might be described as a white, delicately flushed pink, changing to rosy-carmine. It gets its name from its many flowers and the variation in coloring; beautiful. **15 cents each; two-year-old plants, 35 cents each.**

WELLESLEY

First shown by one of the Massachusetts growers, Wellesley has been awarded some of the best prizes at the Rose shows all over the country. The color is a beautiful shade of pink, the outside of the petals being very bright in color, with silvery reverse. **15 cents each; two-year-old plants, 30 cents each.**

"Champion" Collection HARDY EVER-BLOOMING ROSES

Price, 10 cents each; the twelve Champion Roses for 75 cents. Large two-year-old plants of any of these Roses 35c each, or any four for \$1.00; or the entire set of twelve Roses in two-year-old plants for \$2.50. No further discount on this offer. Try them, and see what a lovely bed of Roses you can have.

We have often been asked to name the hardiest Roses that are ever-bloomers. We have combined in this collection only such kinds as bloom freely and that will stand zero weather. If you want Roses that are hardy enough to stand cold winters and bloom all summer, you want the "Champion" collection. In ordering, say "Champion" collection of Roses, and we will know what you want.

Etoile De Lyon This is the only hardy yellow Rose that belongs to the ever-blooming class. Deep golden-yellow; elegant; superb.

Mrs. De Graw Very hardy and a constant bloomer. It has large, beautiful foliage, and is a vigorous grower. Flowers are beautiful vivid carmine, and bloom throughout the season. We gave it a thorough trial before offering it. We are well satisfied with results. It is a royal Rose. We can recommend it to our customers.

La France Too well known to need description. It is acknowledged everywhere the queen of Roses.

The Burbank Rose A Perfectly Hardy New Ever-Blooming Rose. This lovely Rose was raised by Mr. Luther Burbank, of California, known the world over as "The Wizard of Horticulture," and is the only variety out of seventy-five thousand cross-bred seedlings which he raised that he was willing should bear his name. This Rose is the only rival that the famous variety Champion of the World has. The color is described as cherry-crimson; it is, in other words, the very deepest and brightest pink Rose in cultivation. It is peculiarly adapted for both outdoor planting or for blooming in pots in the house during winter. It is a strong, vigorous grower, making a well-rounded, bushy plant.

Champion of the World This is indeed the champion Rose of the world. It is champion in hardiness and champion in free blooming. It is a true perpetual, hardy blooming Rose; none better. Color a rich, deep, rosy-pink, very bright and deliciously fragrant. The best of all Roses.

Hermosa From early summer until frost it can be depended upon to produce flowers in abundance. In color it is a rich, glossy pink, delightfully fragrant, and such a strong, vigorous grower that it is almost impregnable against the attacks of insects which usually destroy some of our finest Roses. Thus it is certain to be unequaled for the garden or cemetery. A royal Rose.

White La France This new Rose had prominence from the time of its introduction. It is identical with La France, except in color, which is almost pure white. The shading of fawn it has only enhances its beauty. A grand Rose.

Duchess of Albany The best light red Rose by far ever introduced. It is a rare beauty of great merit. We recommend it highly.

The Queen This Rose has stood with us ten degrees below zero without being hurt. It is a vigorous grower, producing pure white flowers in abundance.

Clothilde Soupert The color is a French white, deepening to a rosy-blush in the center. Its greatest value lies in its wonderful profusion of bloom, even the smallest plants being literally covered with flowers. Even in midsummer a bouquet of splendid buds and open flowers can be obtained from this fine variety.

Etoile de Lyon.

Meteor A velvety-red ever-bloomer of the deepest glowing crimson. As fine as a hybrid. A beautiful open Rose, a free bloomer and a very excellent pot Rose.

Madame Schwallier It is very free in bloom, and has the fragrance of the old June Roses. The color is a bright rosy-flesh, paler at the base of the petals and deepening on the edges. Try it; it is magnificent.

The "Cashmere" Collection of Ever-Blooming Roses

Kaiserin Augusta Victoria

a sunburst, most peculiar and most strikingly beautiful. For the Middle and Southern States we claim the Winnie Davis to be an acquisition second to none introduced in recent years. This fine Rose should be in everybody's garden and collection.

Mrs. Robert Garrett A beautiful large Rose of exquisite shape, finish and blending of colors. The flowers are very large, on strong stems clothed with clean, heavy foliage and strong spines. The buds are long, pointed in shape, and open up beautifully into a full, rounded flower. In shape of bud and half-open flower it very much resembles Souvenir de President Carnot, but is very much larger. Color shell-pink, deep in center. Fragrance delicate.

Mrs. Ben. R. Cant A fine garden variety of even shade of deep rose or red, round and full, the form of a good Hybrid Perpetual. A very free grower—in fact, it is one of the strongest growing Roses we have. It flowers as continuously and freely as a China Rose, and is especially fine in autumn.

Kaiserin Augusta Victoria The Best White Rose in the World. This beautiful Rose is a continuous bloomer, producing successive crops of buds and flowers in the greatest profusion. Buds are very beautifully formed, with large petals of the best substance. It shows no center when fully open. Color pure snowy-white, and when you add a rich perfume, what more could you ask? This Rose is an easy winner over all competitors in its color.

Maurice Rouvier A large, handsome Rose. Flowers of great depth; fine globular form, with broad thick petals; color pink, shaded buff, with border of white; flowers and buds are remarkably sweet.

In this collection we name the very best Roses for planting in the South. You may try any of the Roses offered anywhere, and we will stake our reputation as Rose-growers that you will find nothing to compare with this list. Varieties that would shine even in the Vale of Cashmere. PRICE, 10 CENTS EACH OR THE SET OF TWELVE FOR 75 CENTS.

TWO-YEAR-OLD PLANTS, 35 CENTS EACH, ANY FOUR FOR \$1.00. THE COMPLETE SET OF TWELVE FOR \$2.50.

Maman Cochet The Queen of All Garden Roses.

Such beauty and exquisite form as is possessed by this variety is well-nigh marvelous, and cannot be seen in any other Rose we know of. The buds are beautiful, large, full and firm and elegantly pointed; as they expand they show great depth and richness, sometimes measuring two and a half inches from base to tip. Flowers superb when open, extra large, perfectly double and of splendid substance. Small pot plants will in the open ground quickly make large, strong bushes, and produce, on long, stiff stems, great numbers of perfect flowers that are enchanting in fragrance and delicate brightness. The color is rich, clear pink, changing to a silvery-rose. As we see it, one good Rose like any of the Cochet Roses is worth a whole collection of poor ones at any price.

White Maman Cochet No Finer Rose Than This.

This Rose attracted our attention from the very first time we ever saw it in flower. It is of the largest size, and, as you will notice, the flower is built up, or rounded, and very double. The color is a pure snow-white. No Rose surpasses it in vigorous growth and in the immense size of its buds and flowers—indeed, nothing in the Tea family approaches it in size. Deliciously fragrant.

Bessie Brown A Rose of transcendent beauty, totally distinct, and one of the largest and fullest we have ever seen. Color pure white, sometimes faintly flushed pink. Petals enormous and of shell shape. It is really marvelous that such large flowers can be so freely produced. Received gold and silver medal from the National Rose Society, England, and numerous certificates and prizes. This variety is a gem of the first water.

Winnie Davis The color is apricot-pink, shading to a flesh tint at the base of petals; buds oblong and well formed, when fully expanded resembling

Helen Gould Another season's trial has shown the Helen Gould to be one of our most valuable hardy crimson ever-blooming Roses. A remarkably vigorous grower, quickly throwing up strong shoots from the root and producing great masses of splendid Roses through the whole growing season. Flowers are extra large, perfectly double and deliciously sweet; color is rich, bright red, and elegantly shaded.

Antoine Rivoire Here we have a Rose that can be talked about, and when you have said all in its favor that you can think of, you will have still left something unsaid. Color salmon-flesh in center to the edge of its petals, shading to a creamy-white with a delicate pink tinge. No other Rose we know of is either like it in color or makeup—the color is so fresh and clean. A No. 1 in every respect.

Alliance Franco-Russe Very large, double and of beautiful rounded form, a deep golden-yellow with touches of crimson—just enough color to make it light up well. This has the stiffest stems of all Tea Roses, which, coupled with its large size, beautiful shape and color, makes it a Rose to stand up well at the head.

Bridesmaid The bud is of exquisite shape and contour, so solid and firm, and the stems are so long and stiff that no other Rose will compare with it in keeping qualities after being cut. It is about two shades deeper in color—just enough to make it bright—and it is the same color all the time, under every condition of weather and surroundings.

Five Glorious Climbing Roses

PRICE, 10 CENTS EACH; THE SET OF FIVE CLIMBING ROSES SENT FOR ONLY 40 CENTS.**Two-Year-Old Plants, 40 cents each; the Five Roses in large two-year-old plants, including a fine 50-cent plant of Marechal Niel, for only \$1.50. No further discount on this offer.**

We have here five of the most glorious of all climbing Roses, each one being distinct in itself, embracing crimson, pink, white, yellow and intermediate shades. Nothing like this offer has ever been made. They are all ever-bloomers, and will be sure to please you. In ordering, say, "Five Glorious Climbing Roses." When you possess these five glorious climbing Roses you have the very best you can get anywhere in the whole world. Try them.

**Pillar of Gold.****PILLAR OF GOLD**

Of all the good Roses we have ever introduced, this one we place at the head of the list. Pillar of Gold introduces the Rose lover to something quite distinct in climbing Roses. First, its growth is the most vigorous of all the climbers, often throwing shoots fifteen to twenty feet in one season; second, the color of its flowers places it in a distinct class by itself. The shades of color are simply indescribable. At times it is variable in color, coming a beautiful Bridesmaid pink, base of petals deep golden-yellow. It will attract and startle everyone who has had the pleasure of seeing it. Deliciously fragrant.

**MRS. ROBERT PEARY,
or Climbing Kaiserin**

So favorably are we impressed with this Rose that our stock of it alone will exceed fifty thousand plants. The flowers are extra large, full, deep and double. The buds are long and pointed, a remarkable feature not found in any other climbing Rose. The color and shape of the bud and flower are identical with Kaiserin Augusta Victoria. Pure ivory-white. The fragrance is delicious. The most remarkable feature of this variety, however, is that it blooms continuously the first year.

CLIMBING METEOR

Climbing Meteor is the acme of all red climbing Roses. It is a free, persistent bloomer, and will make a growth of from ten to fifteen feet in a season. We do not hesitate to place it at the head of the list of all Roses for summer blooming, as it will make a strong growth, and it is literally loaded with its deep, rich red flowers. It is just the Rose to train up the veranda or around windows, where its great beauty will show up to good advantage.

GAINSBOROUGH

This is a grand climbing Rose. We wish all of our customers could see its great beauty.

We are very proud to bring this fine Rose to the notice of all rosarians, be they amateur or professional. It originated with us a few years ago, since when we have given it the most thorough trial, and we are fully convinced that for a hardy ever-blooming climber it has no equal, even eclipsing that grand variety, Mrs. Robert Peary. Its delicate colors are hard to describe, being delicately tinted flesh, almost white, and lustrous as satin. When in full bloom it resembles a large, fine, white, fluffy Peony, but without a suggestion of stiffness, often measuring eight to nine inches in diameter. An enthusiastic admirer describes it as a Rose reminding him of a beautiful girl wearing a light-colored Gainsborough hat ornamented with white ostrich plumes; hence the suggestion of its name. Be sure and try this grand Rose.

MARECHAL NIEL

A Rose so famous as to really require no description. Its magnificent golden-yellow buds are worn the world over. They illustrate the globular form in its last perfection, and are almost massive in dimensions. The reports from Southern growers tell of single plants showing one and two thousand blooms of Marechal Niel at one time. It is almost universally held to be the finest climber for indoors or out where the climate admits of its cultivation. This is one of the Roses that starts rather slowly, and for that reason the best success will be had with the stronger plants. 10 cents each; stronger plants, 25 cents and 50 cents each, according to size; grafted plants, one year old, \$1.00; two years old, \$1.50; three years old, \$2.00.

NOTE—The Marechal Niel has weak roots until it gets well established. This is the cause of so much failure with this most desirable Rose. We have grafted plants that will be sure to live. Price, one-year-old plants, \$1.00; two-year-old plants, \$1.50; three-year-old plants, \$2.00. These are extra fine plants of this Rose, by far the best you have ever seen offered, and will be sure to please and delight you.

Remember, the Five Climbing Roses on this page sent for only 40 cents.

Our "EXCELSIOR" List of New
and Choice Ever-blooming.....

ROSES

For Outdoor
Planting

This list contains the very best of the ever-blooming Roses, not a poor variety in it. You can depend upon it as being select. Try them for fall planting.

Price, 10 cents each; any three of your own selection for 25 cents; any seven for 50 cents; any fifteen for \$1.00. Large two-year-old Roses from this list, 25 cents each, or five for \$1.00. This is an unequalled list to select from. There are no weak, poor varieties.

For general planting, more especially in open ground, this class excels all others. One-year-old plants, such as we send by mail, bloom the first and each succeeding year from early spring until severe frosts. Two-year-old plants, of course, yield a greater profusion of flowers, owing to their size. The flowers are noted for their exquisite coloring and delightful fragrance; hardy everywhere in open ground with protection of litter, leaves, evergreen boughs or similar material. Plant liberally of one year-old Roses; the harvest of bloom they give the first year compensates for the trifling outlay. Anyone can succeed with them.

CLIMBING VARIETIES

EVER-BLOOMING ROSES

In the South, or on the Pacific Coast, where they stand the winters, nothing can compare with ever-blooming Roses for beauty of bud and foliage. They are never to be forgotten when seen in full bloom, loaded with thousands of magnificent flowers. Hardy varieties marked hardy. Price, 10 cents each, except where noted; three for 25 cents; any seven for 50 cents. Price of large two-year-old plants of Climbing Roses named on this page, 40 cents each, except where noted: any three for \$1.00; any six for \$1.75.

Alister Stella Gray—A lovely golden-yellow Rose. It is a beauty; try it.

America—Lovely shades of salmon and pink.

Celine Forestier—Deep sulphur-yellow, large, full flowers, perfectly double, fine bloomer and good grower. One of the best of its class.

Cloth of Gold, or Chromatella—A clear golden-yellow, large, very full and double; highly fragrant. Much prized in the South for pillars and verandas.

Climbing Kaiserin—(Mrs. Robert Peary). A hardy pure white; excellent.

Climbing Malmaison—Flesh color; none better.

Climbing Meteor—(Hardy). A rich dark velvety maroon. Very dark and beautiful.

Climbing Wootton—Rich, bright red, in clusters.

Climbing Paul Neyron—A lovely deep pink rose; very desirable.

Climbing Marie Guillot—Pure snow-white; very elegant.

Climbing Devoniensis—White, flushed pink.

Climbing La France—(Hardy). Satiny pink in color. Sometimes reverts back to bush form. It is always beautiful.

Climbing Soupert—White, deep pink center; extra fine.

Climbing Cecile Brunner—Color a rosy-pink on a rich creamy-white ground; completely hides the bush when in bloom.

Climbing White Pet—It is a rampant climber, bearing its pure white flowers in immense clusters.

Climbing Perle des Jardins—Deep golden-yellow

Climbing Belle Siebrecht—A lovely bright pink.

Elie Beauvillain—A fine free blooming climber, bearing lovely flowers of a salmon-fawn color or much in the style of the old Gloire de Dijon.

Gainsborough—(New). A hardy Rose of the greatest merit. Enormous in size, of beautiful pearl, almost white.

Golden Chain, or Climbing Safrano—(Reve d'Or). A beautiful pillar Rose, being a strong climber; color orange-yellow or deep saffron, good size, full and sweet.

Gold of Ophir—(Ophire). Nasturtium-yellow, suffused with coppery-red. One of the most beautiful of the climbing Roses.

James Sprunt—Deep velvety crimson and very double.

Lamarque—Large, full flowers, borne in clusters, pure white and double; a most beautiful Rose; a rampant climber. 15 cents each.

Mrs. Robert Peary—(Hardy). A pure white; excellent.

Marechal Niel—A beautiful deep sulphur-yellow. First size, 15 cents each; second size, 25 cents each; extra strong plants, 50 cents each. Grafted plants, one year old, \$1.00; two years old, \$1.50; three years old, \$2.00.

Mary Washington—Hardy. A lovely white climber.

Pillar of Gold—(New) The most vigorous climber in this section. Produces large double buds and flowers of perfect form; color rosy-pink, base of petals yellow; a free bloomer and an extra fine Rose in every detail.

Reine Olga de Wurtemberg—This is a grand climbing Rose bearing bright red flowers; it is a good grower and bloomer.

Red Marechal Niel—A cross between General Jacqueminot and Marechal Niel. Flowers very large, well shaped, full; form of buds and flowers like the yellow Niel; color bright red, shading to a deep rose; very sweet, growth very strong. Received a gold medal at the Rose exhibition in 1897 at Frankfurt-on-the-Main. 20 cents each; large two-year-old plants, 50 cents each.

Reine Marie Henriette—A strong, vigorous grower. Flowers large, full and of fine form. Color a pure cherry-red, sweet-scented. This is planted more largely than any climbing Rose because it gives such universal satisfaction.

Solfatare—Fine clear sulphur-yellow, large, full and double; very sweet.

William Allen Richardson—Orange-yellow, with outer petals lighter, center coppery-yellow; very rich; rapidly becoming popular; it is a unique and lovely shade of yellow.

Zelia Fradel—(Estella Fradel). Vigorous climber. Has lovely pure white buds; flowers are full and sweet.

Ironclad Collection of Roses

The Roses in this Collection are the very hardiest of all Roses, and those who live in extremely cold climates should plant this Collection. They are especially suited for planting in the North and Northwest. In ordering, say "Ironclad Collection." Price, 10 cents each; the entire Six Ironclad Roses, 50 cents. In two-year-old plants 25 cents each; the Six in two-year-old plants, \$1.25.

New Hardy Ironclad Ever-Blooming Rose

Conrad F. Meyer

This magnificent new Rose was introduced by the celebrated Dr. Muller, of Germany, in 1899, and has just found its way to America. It is perfectly hardy, and blooms all through the summer and fall. The flowers are four inches across, perfectly full and double. The color is clear flesh-pink, with bright red center; it is very sweet, and has the delightful fragrance of the wild rose or sweetbriar. It has been called the "Ironclad" Ever-Blooming Rose, for, besides being perfectly hardy it is entirely free from the attacks of insects, rust or blight, and is a real ironclad, continuous-blooming Rose, entirely different from the old ever-blooming varieties, and having a different style of beauty. This is certainly a grand variety.

Glory of Mosses

This is one of the most beautiful Roses imaginable. The open flowers are very bright, and of most delicious fragrance. Color a rich, glossy pink, large and globular. The buds are almost hidden with beautiful green moss.

Magna Charta

Flowers are extra large, equaling Paul Neyron in size, double and of cup form. Color a beautiful shade of bright rose. It received four medals and was illustrated in the Journal des Roses. This is the finest Hybrid of recent introduction. The bud is very large and full. I believe this to be the very best Hybrid Rose grown. Try it.

General Jacqueminot

A rich velvety-crimson, changing to scarlet crimson. A magnificent Rose, equally beautiful in the bud state or open. This is the best known of all Hybrid Perpetuals, and is without a rival in fragrance and richness of color. It is, moreover, as easy of cultivation as many of the more common varieties, and perfectly hardy.

Dinsmore

For years we have been looking for a variety which had all the desirable qualities of a bedding Rose—that is, one which was of good color, fine form, profuse bloomer, and which would stand the rigors of our Western winters without protection. It is a vigorous, healthy Rose, of dwarf branching habit, and is simply loaded with flowers all summer long, being more profuse than most of the tender ever-blooming Roses. The flowers are large, perfectly double, and of a dazzling scarlet-crimson color, and have the rich, spicy fragrance peculiar to the best Hybrid Roses. We have proved the Dinsmore to be entirely hardy. It blooms incessantly, and is one of the most beautiful of bedding Roses.

Madame Plantier

The Ironclad White Cemetery Rose. A fine-formed, pure white Rose. Beautiful shell-shaped petals, evenly arranged. Flowers of good size, perfect, and of fine form and finish. One of the finest, freest and most beautiful of the white Hybrids. Almost as free a bloomer as the Teas. Very suitable for cemetery planting and for hedges, as it makes a beautiful bush.

Superb Cemetery Collection of PURE WHITE HARDY ROSES

The Beautiful Hardy Ever-blooming Cemetery Collection for 40 Cents, 10 Cents Each. Two-Year-Old Plants, 25 Cents Each. Five for \$1.10.

To those who wish to decorate the graves of friends there are no better Roses than the ones here named.

Coquette des Alpes—A finely formed, pure white Rose. Occasionally shows light flesh when first opening; beautiful shell-shaped petals, evenly arranged. Flowers of good size, perfect and of fine form and finish. One of the finest, freest and most beautiful of the white hybrids.

Madame Alfred Carriere—A finely formed, pure white Rose. Occasionally shows light flesh when first opening; beautiful shell-shaped petals, evenly arranged. Flowers of good size and of fine form.

Clio—Vigorous growth, large handsome foliage; flowers fresh colored, shaded to center with rosy-pink; very large, of fine globular form, and freely produced. A grand addition.

Madame Plantier—This is the grandest of all hardy white Roses. Blooms pure white; when in flower produces the effect of a perfect sheet of pure white. Hardy as an oak.

Margaret Dickinson—The flowers are large; the color is white, with pale flesh center; petals very large, shell-shaped, and of great substance; unquestionably a Rose of decided merit.

Mid-Winter Collection of Ever-Blooming Roses

ALL NEW KINDS

Price for Collection of Choice "Mid-Winter" Blooming Roses, Only 40 Cents; Each, 10 Cents.

We have made a selection of the very best Roses for winter blooming, embracing a wide range of colors. We can recommend this Collection to all who desire to grow Roses in the house during winter.

Safrano—The old standby for a winter bloomer. Lovely saffron colored buds of the most delicious fragrance.

Bridesmaid—This is a fit companion for the Bride. It is also planted by the millions for winter blooming. The best deep pink Rose for this purpose.

Isabella Sprunt—Flowers freely during the winter. Flowers of the richest yellow color.

Winter Gem—Deep rose, illumined with bright red. A grand winter bloomer. Very sweet.

The Bride—The best winter-blooming white Rose. Planted by the millions by growers of cut flowers; none finer.

REMEMBER, this entire Collection of Five "Mid-Winter" Blooming Roses for only 40 cents. These Five "Mid-winter" Blooming Roses in two-year-old size for \$1.10; each, 25 cents.

Hardy Climbing Roses

INCLUDING THE RAMBLERS

Price, 10 cents each, three for 25 cents, seven for 50 cents, your selection of varieties. Two-year-old plants, 30 cents each, four for \$1.00.

Baltimore Belle—Very double, blush-white, in large clusters, completely enveloping the whole plant when in bloom.

Carmine Pillar—A distinct and wonderfully beautiful variety. Color a delightful shade of carmine. This Rose is hardy everywhere. Be sure and plant it.

Crimson Rambler—This is the grandest of all hardy Roses. Grows anywhere and blooms everywhere. Deep crimson, in immense heads or panicles. A wonder.

Dundee Rambler—A grand hardy climber, producing masses of blush-white Roses, completely hiding itself.

Debutante—It blooms freely under all conditions, and makes one of the finest pillar Roses imaginable. Flowers are quite double, pure white, borne in clusters; very showy; perfectly hardy.

Dorothy Perkins—In general habit closely resembling Crimson Rambler, but of a beautiful shell-pink, full and double, of an unusually large size for a cluster Rose. The trusses are made up of from thirty to forty flowers, and even more on the stronger branches. A decided acquisition. A rampant climber.

Evergreen Gem—A very vigorous grower. The flowers are single and light yellow; fine.

Empress of China—A very hardy, free-flowering climbing Rose of good size, blooming in clusters; bright pink flowers.

Farquhar—This variety makes a growth of from twenty to twenty-five feet in a single season. Has bright, glossy-green foliage, which does not drop until cut down by severe frosts. It is perfectly hardy in all sections, and does not require protection. Bears magnificent clusters of bright pink double flowers on long stems.

Gardenia—Bears beautiful double, light yellow flowers, resembling a Cape Jasmine bloom in shape; beautiful.

Jersey Beauty—Vigorous flowers, single, pale yellow, with stamens golden-yellow.

Keystone—The only hardy ever-blooming yellow climbing Rose. Deep lemon-yellow, similar to Coquette de Lyon. Fragrance delicious, like that of Magnolia blossoms. The open flower is perfectly double, resembling Clothilde Soupert. It is the first and only hardy ever-blooming yellow climbing Rose, and is freer growing than any other variety. Is perfectly hardy, blooms with wonderful freedom, is absolutely impervious to insect attacks, and has a vigor of constitution found in no other Rose. Attains a height of fifteen feet in a single season, branching freely, and has withstood without protection, winter after winter, in the most exposed location, a constant temperature ten to twelve degrees below zero. It possesses every feature a good Rose should have.

Lady Gay—Certainly a beauty. In this Rose we have the triumph of the hybridizer's art. The flowers (in large, loose clusters) are of a delicate cherry-pink color, fading to soft tinted white; the effect of a plant in full bloom with the combination of soft white flowers, cherry-pink buds and deep green of the foliage, is indeed charming. It is perfectly hardy and unsurpassed for climbing work; try it.

Manda's Triumph—Produces large clusters of well-formed double flowers of pure white, two inches in diameter.

Milledgeville, or Pride of the South—A splendid variety. Color a rich, satiny pink, very fresh and beautiful. Fine large globular flowers; full, regular form, very double and sweet. A profuse bloomer and quite hardy.

Newport—(New). A grand new climbing Rose that is creating quite a furor in the east. A lovely shade of bright clear pink.

Philadelphia Rambler—Same as Crimson Rambler, except that it is a deeper crimson color. Elegant.

Prairie Queen—An old standby variety, and one that will always be popular. Bright rosy-red; large, compact and globular flower. No collection of hardy climbing Roses is complete without it.

Pink Roamer—Color bright, rich pink, center almost white, brightened with orange-red, producing an effect which with its fragrance makes it one of the most valuable Roses in cultivation.

Pink Rambler—Resembles Crimson Rambler in every respect but color, which in this is clear pink. The mature flowers often change to creamy white when fully matured.

Psyche, The Soupert Rambler—The flowers are produced in clusters of eight to thirty-five. The color is white, with delicate pink center, and with yellow base to the petals. Might best be described as a Soupert Rambler, as the bloom resembles Soupert very much in color.

Russel's Cottage—Dark red, very double and full; extra strong, rampant grower.

Rubin—Rich ruby-red. This is a true Rambler, and is being planted largely.

Seven Sisters—A splendid Rose, blooming in clusters; crimson, changing all shades to white.

South Orange Perfection—Produces multitudes of the most perfectly formed double flowers about one and one-half inches in diameter, soft blush-pink at the tips, changing to white.

Sweetheart—Flowers are a beautiful shade of rosy-pink, produced very freely, and has a much longer blooming season. May be used as pot Roses, allowed to trail over rockeries or terraces or trained to climb over trellises and pillars.

Trier—(New). The New White Rambler. Creamy-white; producing large clusters of beautiful flowers.

Tennessee Belle—A robust, vigorous climber and free bloomer; flowers a bright, beautiful pink.

Universal Favorite—Double flowers of a beautiful rose color, over two inches in diameter.

Wm. C. Egan—This is probably the best of this type of Roses. Fine grower. Flowers are large. Color a beautiful shade of rose.

White Rambler—This charming new Rose of the Rambler variety is a wonder. It climbs rapidly, is entirely hardy, produces immense clusters of pure white Roses, perfectly double, of delightful fragrance, and of an immaculate white. It is, without question, the very best climbing Rose extant.

Yellow Rambler—Rosarians have been for many years crossing or hybridizing various Roses with a view to obtaining a hardy yellow climbing Rose, but the combination of climbing habit and yellow coloring with hardiness was one that seemed impossible to obtain, and was almost despaired of. The Yellow Rambler has been found to successfully withstand, without protection, a continued temperature of from zero to two degrees below, which proves it to be far harder than any other yellow climbing Rose yet introduced.

MOSS ROSES ARE SHY BLOOMERS, BUT VERY BEAUTIFUL. ARE HARDY EVERYWHERE.

Price, 20 cents each; two-year-old plants, 50 cents each.

J. B. Clarke—Another one of Dickson's Roses, and all who have seen it pronounce it par excellence. Deep fiery velvety-crimson, both rich and grand; deliciously fragrant.

John Hopper—Flowers are large, very regular and full; color a brilliant Rose, changing to a bright, glowing pink, shaded with rich scarlet; very sweet and a profuse bloomer.

John Keynes—A rich red Rose, fine for general planting.

Jubilee—A pure red in its deepest tone, shading to deep crimson-red and velvety maroon-red in the depth of the petals.

Lady Helen Stewart—A bright scarlet-crimson; flowers fully rounded out, petals large and thick; highly perfumed.

La Reine—A beautiful, clear, bright rose; fine, full form; very fragrant. It is well named "The Queen."

Louis Van Houtte—A rich crimson, heavily shaded with maroon, and beautifully formed double flowers.

Madame Alfred Carriere—Extra large, full flowers; very double and sweet; color a rich creamy-white, faintly tinged with pale yellow. Exceedingly beautiful. It is a strong, hardy climber and free bloomer. This is the best all-round Rose on this page.

Madame Charles Wood—A large Rose; color deep red.

Madame Masson—The flowers are large; color a deep rose or bright red; highly perfumed and free bloomer.

Madame Plantier—The ironclad white cemetery Rose. It bears thousands of beautiful snowy white, fragrant Roses. It is as hardy as an oak.

Mademoiselle Marie Bady—A clear, bright red, finely penciled with a rich maroon; very large, full flowers; fragrant.

Magna Charta—A bright clear pink, flushed with crimson; very sweet; flowers extra large, with fine form, and very double.

Margaret Dickson—Pure white, of immense size.

Mrs. John Laing—Color bright shell-pink, exquisitely shaded, very free bloomer.

Marshal P. Wilder—A grand Rose for all purposes; deep bright red.

Marchioness of Lorne—A rich, fulgent rose color, shaded with vivid crimson; charming.

Paul Neyron—Immense size, often measuring five inches in diameter; lovely bright pink or deep rose; very superb.

President Lincoln—A bright red Rose; large, full, fragrant.

Prince Camille de Rohan—This variety is always a prime favorite with everybody; the richest crimson.

Roger Lambelin—Petals are irregular on the edges, like a double Petunia; color glowing crimson throughout, except the edges of the petals, which are marked with a white band.

Robert Duncan—Very distinct and of vigorous growth, flowers abundantly; flowers large, perfectly formed and of good substance; petals large and shell-shaped, color bright, rosy crimson; splendid.

Ulrich Brunner—Rich crimson-scarlet; broad, round, thick petals of good substance, highly perfumed; very handsome and desirable.

Vick's Caprice—This is the only hardy Rose that has any variegation. It is a vigorous grower, and bears large and fragrant flowers of a bright rose, distinctly striped a rich crimson.

The New Baby Rambler Rose.

=The New= Baby Rambler Roses

The New Baby Rambler Roses have increased very fast in popular favor. They are continuous bloomers and are entirely hardy. Price, 10 cents each; the set of three for 25 cents; two-year-old plants, 25 cents each.

Anna Muller—The New Pink Baby Rambler. The shining brilliant pink flowers are produced in great profusion, in large clusters, from June until late in the fall. Each individual floret measures two inches in diameter. The petals are twisted, making a charming effect.

Mme. Norbert Levavasseur—The Crimson Baby Rambler. It is in bloom all the time, flowers in large clusters of brightest crimson. It grows to a height of eighteen inches and hides the plant with its bloom. A most wonderful Rose.

Catherine Zeimet—This is the New White Baby Rambler. A continuous blooming Rose of great merit, fine for bedding.

Polyantha, or Fairy Roses

Price, 10 Cents Each. Large, Two-Year-Old Plants, 35 Cents Each.

George Pernet—It is continually in bloom, the flowers being quite large for this class, of a beautiful flat form. The color is a very bright rose, with touches of yellow, and passes to peachblow with silvery-white shadings. The prettiest of all Polyanthas.

Jeanne Drivon—Color light flesh, changing to white. Very perfect, double flowers.

Marie Pavie—Beautiful white, flushed with pink.

Mademoiselle Cecile Brunner—Larger flowers than any of the others, perfectly double and delightfully fragrant. Color a rosy-pink on a rich creamy-white ground.

Mignonette—A lovely Fairy Rose. Full, regular flowers, perfectly double and deliciously perfumed. Color a clear pink, passing to white, tinged with pale rose.

Madame Petite Andre—A charming variety with deep red flowers; extra.

Perle d'Or—Charming and very distinct. Color a coppery-gold, changing to fawn and salmon; flat fayed form, very double and elegantly perfumed.

Faquerette—We consider this the best of all Polyantha Roses. The flowers are pure white, about an inch in diameter, flowering in clusters of from five to fifty blooms. Very full, prettily formed, recalling the blossoms of the double-flowering Cherry, and fully equals the double-white Primrose in profuse blooming during the winter. A variety that everyone is pleased with.

Philippine Lambert—A beautiful bright pink; very floriferous; attractive and fine.

Pink Souper—This is a grand bedding Rose, ranking with Clothilde Souper; bright pink flowers.

Primula—China-rose at the edges, with snow-white center. **Schneewitchen, or White Baby Rambler**—A profuse blooming white Polyantha, in large clusters; has a beautiful center of yellow stamens; blooms small and dainty.

SPECIAL OFFER—The Set of Twelve Fairy Roses Named for 85 Cents. Any 7 for 50 Cents

NOTICE—We cordially recommend these exquisite Ever-blooming Fairy Roses. They are of a shrubby, compact growth, bloom profusely all through the season, and are very desirable for bedding, as well as for edging, borders, etc. They are moderately hardy, but should have a covering of leaves or litter just before winter begins.

Tree Rose.

TREE ROSES

The Tree Roses are grafted on hardy Rose stalks, about four feet high, are tree shaped, and when in full bloom are objects of beauty, making handsome plants for the lawn or rose border. Hardy everywhere.

We have them in twenty-five of the choicest varieties in the different shades of pink, rose, red, crimson and white.

Prices FINE, STRONG TREE ROSES THAT WILL BLOOM NICELY THE FIRST YEAR, \$1.00 EACH; \$9.00 PER DOZEN. THESE CAN BE SENT ONLY BY EXPRESS.

We can, in addition to the above, supply the following sorts at prices named:

Baby Rambler—Bright red roses in profusion; a charming Rose. \$1.10 each.

Frau Karl Druschki—The White American Beauty. No more beautiful white Rose than this. Perfectly hardy. \$1.10 each.

Persian Yellow—Deep golden-yellow. This is the yellowest of all Roses—in fact, the yellow of all other Roses pales and is dull when placed beside the Persian Yellow. As hardy as an oak. \$1.25 each.

Soleil d'Or, or Golden Sun—This is a grand new Rose. Deep golden-yellow, delicately flushed with bright crimson; at once distinct and beautiful, perfectly hardy. \$1.25 each.

Kaiserin Augusta Victoria—Pure snow-white. \$1.10 each.

Gruss an Teplitz—Brilliant velvety-crimson. \$1.10 each.

Madame Caroline Testout—Bears the largest and grandest of pink Roses. \$1.10 each.

REMEMBER, that in addition to the Seven Varieties of Tree Roses we name we can supply Ten other choice varieties at \$1.00 each, \$9.00 per dozen. Customers leaving the choice with us will be served with best varieties. All Tree Roses are hardy, and all bloom the first year of planting.

THE WORLD-FAMOUS ROSE AMERICAN BEAUTY

This Rose has become as famous as the Marechal Niel. The flowers of this grand Rose are eagerly sought that they sell in the flower stores of the larger cities during the holiday season at the extravagant price of from one dollar and a half to two dollars for a single bud or flower; indeed, the market is never fully supplied with them even at this high price. Why is this? There must be a reason. It is because of its large size, rich color and delicious fragrance. One of its chief attractions is its

foliage, and it can be cut with long, stiff stems and heavy foliage. It is a hardy Rose, of the largest size, having the ever-blooming qualities of the Tea Rose with the delicious odor of the Damask or Moss Rose. It is the sweetest of all Roses. In color it is a deep, brilliant red, shading to a rich carmine-crimson. American Beauty is like Marechal Niel, difficult to start from small plants, therefore we advise our customers to buy strong plants of it. This Rose will never be sold cheaply, for the reason it is difficult to propagate. Two-year size only to offer. Large two-year-old plants, 50 to 75 cents each, according to size. We advise the planting of the larger size.

MISCELLANEOUS ROSES

Price, 10 Cents Each, Except Where Noted; Any Three for 25 Cents, Any Seven for 50 Cents.
Two-Year-Old Plants, 30 Cents Each.

Cherokee—This is the famous Cherokee Rose of the South. Hardy everywhere; creamy-white; single.

Double Cherokee—A beautiful hardy Rose, bearing double white flowers; very fine.

Eglantine—The old-fashioned English Sweetbriar. The foliage scents up a whole yard. Only the strong size of this. 25 cents each.

Fortune's Double Yellow—(Beauty of Glazenwood.) (Hardy.) Known in California as the San Rafael Rose. Bronze yellow or copper and fawn color.

Madame Georges Bruant—(Hybrid Rugosa.) Insects or disease never bother the foliage of Rugosa Roses. They are hardy everywhere. The Rugosa Roses are admired both for their handsome and distinct foliage and for their beautiful bloom. This variety is an everbloomer, pure paper-white in color; flowers semi-double, extra fine; hardy everywhere; blooms freely. 15 cents each.

Madame Henri Graveraux—(Hybrid Rugosa.) A grand new Rugosa, producing flowers of bright, deep Rose. 15 cents each.

Microphylla Alba—Vigorous grower; very hardy; double flowers of a creamy-white.

New Century—(Hybrid Rugosa.) Bright pink flowers in clusters; a free bloomer and a grand Rose. 15 cents each.

Sir Thomas Lipton—(Hybrid Rugosa.) Pure white; a constant bloomer; grand. 15 cents each.

White Banksia—Vigorous grower; small double pure white flowers in clusters; has the fragrance of the Violet.

Wichuraiana—(The White Memorial Rose.) It readily adapts itself to any soil, and will do well under any conditions. The pure white single flowers appear in greatest profusion during the month of July, after the June Roses are all past. A fine cemetery Rose, as it creeps on the ground.

Yellow Banksia—Same as White Banksia, except color of blooms are sulphur-yellow.

Herbaceous Peonies

Hardy
Every-
where

There is nothing to compare with these new varieties of Peonies when in bloom. They bear immense flowers of the richest hues and of the most delicious fragrance. Peonies are of the easiest culture, and every year after planting they increase in value. They are hardy everywhere; bloom freely. Insects do not trouble them, and for the minimum of cost they pay many fold in their beautiful loveliness. To aid those unacquainted with the different varieties, we have made up two collections of the very best sorts:

Grandiflora Rubra	50c
Charlemagne	40c
Lady Leonora Bramwell	40c
Princess	30c

\$1.90

THIS COLLECTION FOR \$1.50

Achille—Fine, large five-inch bloom, very floriferous, opens light flesh-colored pink, finishing blush-white, with an occasional creamy spot; somewhat resembling an immense Carnation; an excellent variety for all purposes. 25 cents each.

Andre Lauries—Rosy-red; very free late bloomer; an old, well-known variety, considered very useful; probably the most widely planted of any Peony. 25 cents each.

Asa Gray—Large, full imbricated Rose-formed bloom; grand petals salmon-flesh; center very full and perfectly formed; flesh-pink, delicately dotted and flaked with carmine and lilac; strikingly imposing and valuable; a most unusual sort. From the formation of the flower it is designated as a double decker. 1.00 each.

Berlioz—Enormous, full globular, imbricated bloom; bright currant-red; center tinted rose and shaded with amaranth; very late; fine keeper; elegant sort. 35 cents each.

Canari—Outer petals white with deep yellow primrose center, the earliest of all the light-colored Peonies to bloom. 40 cents each.

Charlemagne—Creamy-white, center light lilac-flesh, shaded with chamois; immense bloom; late and exceptionally fine. 40 cents each.

Dorchester—Late, free bloomer; color delicate salmon-flesh, We think this is one of the prettiest Peonies grown. Grand for all purposes. 50 cents each.

Duchesse de Nemours—Superb cup shaped; sulphur-white flowers, fading to pure white. In all Peonies there is nothing so exquisitely chaste and beautiful as this variety in the half open bud state; excels as a cut flower. Do not omit it. Late. 30 cents each.

Duchesse de Nemours.

Edulis Superba—Beautiful brilliant pink, with silver reflex; large, well-formed full flower on strong stem; blooms early with Festiva Maxima, and is a good sort to plant with that variety. 30 cents each.

Eugene Verdier—This is one of the most exquisitely chaste and refined Peonies of the whole family. It combines every desirable feature. Immense size; globular shaped, and literally packed with petals; color blush, delicately shaded to pink towards the center, profuse bloomer, deliciously fragrant; very slow in opening, holding a long time either on or off the plant. As a cut flower and for decorative purposes this Peony is unequalled by any Chrysanthemum ever grown. We place it first and foremost and challenge comparison. **\$1.25 each.**

Felix Crousse—All Peony enthusiasts are familiar with the fact that it is difficult to get a red Peony that is a self color—that is, a full, rich, even shade of red without being suffused with a shade of another color. Felix Crousse fills the bill. A rich, even, brilliant ruby-red, exceptionally fiery, bright and effective; very large, full bell-shaped bloom. We place this in the front rank of all red Peonies—nothing like it in color. We have the largest stock of this variety in the world. **40 cents each.**

Festiva Maxima—This is not only the finest white in existence, but in most quarters it is regarded as the queen of all the Peonies. Mr. Harrison says: "This flower has reached the ultimate beyond which we cannot go." It combines enormous size with wondrous beauty, often seven to eight inches in diameter; color snow-white, flecked with an occasional clear purple spot on edge of center petals; in addition, it is very fragrant; a glorious flower impossible to describe; magnificent. **40 cents each.**

Floral Treasure—Very large and full; clear pink, shading lighter at center; a splendid hemisphere of fragrance; long, strong stems to uphold the big bloom, sometimes six inches across; very vigorous and floriferous. **40 cents each.**

Gigantea—This is one of the rarest and most sought after in cultivation. Ward calls it the finest of all Peonies for cut-flower purposes. It is one of the earliest to bloom, produces an enormous flower six to seven inches in diameter, on long stems; deliciously fragrant; fully as effective for decorative purposes as the finest Chrysanthemum. Gigantea is a ravishingly beautiful wild flower. **\$1.25 each.**

Golden Harvest—Very striking variety, producing large tri-colored blooms, the guard petals being bluish-pink, with a distinct bluish-white color and deepening to canary-yellow, a few of the center petals tipped and striped with light crimson. This Peony combines cream, gold, white, pink, salmon, peach and apricot, the total color effect of the flower creamy-pink; strong, delicate fragrance; a splendid bloomer; extra fine. **75 cents each.**

Grandiflora Rubra—Enormous globes of deep, rich, velvety-crimson. This variety took first prize at Chicago Peony show in 1905 over all comers in the red class. A showy, brilliant Peony. **50 cents each.**

Humei Carnea—Very large, compact and striking cherry-pink flower; among the very best; highly cinnamon-scented; graceful in habit and grown very largely for cut flowers and valuable for landscape work. **30c each.**

Jenny Lind—Midseason; large bloom on long stem; strong grower; free bloomer; color bright pink, silvery reflex, with narrow white petals interspersed with center petalage; striking variety. **40 cents each.**

Lady Derby—Immense size, very double, pure white, with guard petals delicately tinted rose when they first open; one of the finest and most beautiful Peonies ever grown. **\$1.25 each.**

Lady Leonora Bramwell—Late midseason; compact, vigorous habit; color delicate silvery-pink, shaded with lilac and chamois; three nanken petals tipped with crimson at the center; fine bud. Largely grown for cut flowers. Exceedingly fragrant—in fact, the most fragrant of all Peonies. Rare and fine. **40 cents each.**

La Tulipe—Enormous globular, fragrant flowers; delicate rose shading to ivory-white, with center petals tipped carmine. Again we quote Harrison: "There is no Peony so attractive in bud as this—first a ball interlaced with green, red and light—as it grows these interlacings become pronounced. There is no

bloom whose unfoldings you watch with greater interest. It finally opens a solid ball of softest blush with streaks of carmine. There it sits in all its beauty, a glorious flower in a chalice of veined marble, emitting a delightful perfume." This Peony belongs distinctly in a class by itself. **\$1.00 each.**

L'Esperance—Very lovely rose-pink, fine form, full, high; tufted center; very fragrant, and one of the earliest to bloom, strong, hardy, vigorous and a profuse bloomer. **30 cents each.**

Madame Bollet—Large, very double flowers; clear rose with white reflex, linguated with carmine; late bloomer. **35 cents each.**

Madame Calot—This is the freest flowering of all Peonies. It is known in Holland as the Glory of Boskoop. Flesh-white shaded salmon; large convex flower; fine buds, extra for cut flowers. **60 cents each.**

Madame de Verneville—Exceedingly fine; full anemone-shaped flower; broad outer guard petals sulphur-white, center rosy-white with an occasional spot of carmine; beautifully imbricated; has few equals; very early bloomer. **50 cents each.**

Madame Forel—Late, enormous; very full ball-shaped bloom on very long stems; perfect shape and splendid habit; color glossy ash-colored pink with silvery reflex, with deeper rose center; splendid. **60 cents each.**

Mademoiselle Léonie Calot—Very full, compact ball-shaped bloom; color soft salmon-flesh, occasional petals tipped carmine; very fragrant, and one of the loveliest Peonies ever offered. Take it all in all, you will have to go a very long way to beat this variety. **60 cents each.**

Mademoiselle Rousseau—Large, full flower, very fine shape; color sulphur-white, with flesh-colored center shaded salmon, extra fine. **75 cents each.**

Marie Lemoine—Enormous, sulphur-white, massive bloom delicately shaded chamois, with narrow carmine edge; a sort the Peony enthusiasts raves over, but is unfortunately very scarce. Without question the grandest of all white Peonies. You positively cannot afford to leave this variety out of your collection. It is a wonder. We have a fine stock. **\$1.25 each.**

Marie Stuart—Large bloom, coming in clusters; outer petals soft pink, center pink and sulphur-white; very chaste bloom. This is a variety that pleases everybody. **50 cents each.**

Mars—Large bloom; brilliant purplish-crimson with violet cast, shaded with a decided velvety hue; extra. **35 cents each.**

Masterpiece—One of the grandest Peonies in existence; large bloom of admirable shape and perfect regularity; color fine glossy cerise, of remarkable delicacy and freshness; has the agreeable fragrance of the Tea Rose; extra. **\$1.00 each.**

Monsieur Jules Elie—Immense globular and very full flower, broad and overlapping petalage, forming one of the most perfect Peonies in existence; finest glossy flesh-pink, shading to

deeper rose at base. The entire bloom covered with a silvery reflex or halo; quite fragrant; very rare; a magnificent variety from every standpoint. We had blooms the past spring twelve inches across. **\$1.25 each.**

Monsieur Crousse—Deep dark rich red; comparatively, early bloomer; it is one of the finest varieties on our place; in the cut-flower market it is known as the American Beauty Peony owing to its resemblance in color to the American Beauty Rose. **50 cents each.**

Mont Blanc—The yellow Peony. Broad, snow-white guard petals, center forming a very full, high cushion; color sulphur-yellow, fading in time to pure white; produces an enormous crop of bloom on grand stems; has more yellow in it than any Peony we grow; a grand, glorious flower—do not fail to plant it; superb in every way. **75 cents each.**

Paganina—Immense bloom; guards lively rose, center pinkish-white and yellow; linguated with salmon with lively rose tufts; free bloomer; very fragrant; one of the surest to produce a good crop of flowers. Splendid. **40 cents each.**

Planting of Peonies

President Roosevelt—This grand new Peony originated in Holland, and was named in honor of the President as a compliment to this country—as an evidence of the friendly relations existing between the two countries, Holland and America. The color is one of the most distinct of the Chinesis type, a brilliant scarlet, bright and rich, a color almost unknown in the Peony. A very unique and attractive variety of high merit. Quantity limited. **\$1.00 each.**

Princess—Large guard petals of deep rose, center light pink, has a beautiful quilled effect. This is admired by all who see it, **30 cents each.**

Potsii—Dark crimson, with golden-yellow stamens; blooms early. **35 cents each.**

Pulcherrima—Large violet-pink, center shaded with salmon; imbricated; an old standby. **30 cents each.**

Queen Victoria—Large, full, compact bloom; opens flesh-white, changing to pure white; center petals tipped with carmine spots; a grand white Peony for any purpose. More of this is being planted for cut flowers than any other variety. **30 cents each.**

Rubra Superba—Magnificent, rich brilliant crimson; very large and very double; highly fragrant; decidedly the best of its color. **60 cents each.**

Rubra Triumphans—Bright purplish-crimson; good, full flower; free bloomer. **35 cents each.**

Victoire Tricolore—Deep pink guards; center yellowish flesh-color tinted pink; a glorious flower. **30 cents each.**

UNNAMED PEONIES TO COLOR ALL DOUBLE-FLOWERING

Our Peonies to color you will find unsurpassed. They are fine large flowers with rich colors; free bloomers. The roots we offer are strong. Be sure and try them. We have these Peonies in

white, red, pink and rose, at 25 cents each; three for 60 cents.

SINGLE FLOWERING PEONIES

Many persons prefer the Single-Flowering Peonies. They are very chaste and beautiful. **30 cents each.**

Wild Rose—Very large, brilliant red.

Abora—Magnificent flower; color rosy-lilac.

Electea—Bright pink; large flower.

Can also supply mixed Single Peonies, all colors. **25 cents each; three for 60 cents.** Try them and get some beauties.

OFFICINALIS SECTION

These are earlier Bloomers than the Chinesis Section. **Officinalis Rubra**—The old-fashioned early deep crimson variety of our grandmothers' gardens. **30 cents each.**

Officinalis Rosea—Very large, well-formed bloom; color deep pink; very brilliant and effective. **30 cents each.**

Officinalis Alba—White striped with pink. **30 cents each.**

TREE PEONIES

This is a remarkable species, developed from Peony Mouton, a native of China and Japan. In habit of growth it is not unlike a deciduous shrub—the growths are short and stocky, the plant eventually attaining a height of four or more feet and of large circumference; the foliage is quite handsome, and the immense flowers, which usually appear some two weeks ahead of the herbaceous class, are most remarkable for their immense size and gorgeous colorings. Splendid for grouping or for specimen plants on lawns. While it is a hardy plant, it will be found desirable to give it some protection in very cold latitudes. All shoots springing from the base should be rubbed off. We have six distinct varieties and colors. **75 cents each; two for \$1.25.**

Pelargonium, or Lady Washington Geraniums

Without any boasting, we claim to have the finest collection of these handsome Lady Washington Geraniums in the country, barring no one. We here offer twelve distinct sorts, every one entirely different in color and every one a beauty. The Lady Washington Geraniums are the handsomest of all flowers—once seen, never forgotten. Price, **25 cents each; any five of your selection for \$1.00; the entire set of twelve beautiful sorts for \$2.00.**

CAPTAIN RAIKES

A grand ruffled, or fringed, variety, with very large flowers borne in large, fine-shaped trusses; color bright red, with lighter center, with heavy maroon blotches in upper petals.

CRIMSON KING

Rich bright red, with lovely ruffled violet throat; distinct.

DOROTHY

It is a perpetual-blooming variety, usually commencing to bloom in December or January and continuing throughout the spring and summer. The throat and edges of the petals are pure white, each shaded toward the center with rich carmine-pink, with a glowing crimson blotch on each. We have always been unable to supply the demand, but now have a fine stock of plants to offer.

GOLD MINE

Rosy-scarlet, with white throat; each upper petal has a shining black blotch.

GAMBETTA

Brilliant dark red, with distinct black blotches on each petal.

LINDA

Rosy-salmon; two upper petals black spotted; a grand sort.

MRS. ROBERT SANDIFORD

(The New Double White.) The flowers are three inches across, of the purest snow-white, and perfectly double and very free in bloom. You cannot imagine anything prettier.

MADAME THIBAUT

(The New Double Pink.) The flowers are three inches in diameter, perfectly double, of the brightest pure pink, beautifully ruffled edges; very free in bloom.

MARIE MALLET

Lower petals white, upper petals black bordered red; elegant.

MRS. BRADSHAW

Large flower, pure white, with each petal showing dark maroon center.

PRINCE GEORGE

Clear pink, each petal blotched crimson. Considered by many who have seen it to be the prettiest.

VICTOR

The flowers are a bright cherry-red, with white at the base of each petal; the two upper petals are dark crimson-maroon. The flowers are of immense size and are very freely produced.

Remember, the above twelve, the most beautiful of all Geraniums, for \$2.00. There is nothing to compare with these for beauty in the plant line.

OUR SPLENDID IVY GERANIUMS

These Geraniums are fine for baskets and vases, and are especially fine for pot culture in the house. They have the handsomest flowers of all the Geraniums. One of our local florists who grows for the home market a houseful of these new Ivy Geraniums says that he sells as many of them as all other Geraniums combined. This speaks volumes for their loveliness. Try them.

Price, **15 cents each, two for 25 cents; the Set of Four Ivy Geraniums for 50 cents.**

New Double Ivy Geranium, Souvenir Charles Turner—One of the handsomest Ivy Geraniums ever introduced. Flowers two and a half inches in trusses six inches across. The color is a deep, bright pink, approaching scarlet in color, the upper petals feathered maroon. Quite double. Awarded numerous certificates.

New Double Ivy Geranium, Comtesse Horace de Choiseul—A fit companion of Joan of Arc. The plant is vigorous,

leaves without zones, flowers very large, two inches across, double and imbricated, in good trusses; color a bright golden-salmon. We have no hesitancy in saying that this is the richest-colored flower of any grown. All who see it say, "Is it possible that is a Geranium flower?"

New Double Ivy Geranium, Galilee—Another grand sort, one of the most remarkable of recent introduction. The trusses are of immense size, flowers very large and double and of a most charming shade of lovely rose-pink, varied with lilac. A magnificent variety.

New Double White Ivy Geranium, Joan of Arc—"This is one of the most beautiful plants that is has ever been our privilege to offer. The flowers are perfectly double, white as snow, and literally cover the plant when in full bloom. The foliage is extremely handsome, the dense glossy-green leaves making a most effective background for the great clusters of snow-white flowers." The foregoing was our description of last year, and another season's trial makes us heartily endorse it.

THE TWELVE BEST SINGLE GERANIUMS

PRICE, 10 CENTS EACH, ANY THREE FOR 25 CENTS, THE SET OF TWELVE FOR \$1.00.

Mary Hallock Foote—A light, clear salmon, blending into dark shades. The yellowish-salmon gives it a special delicate shade seldom seen in Geraniums.

Clyde—Rich cerise-red. A grand bedder, and a Geranium that pleases everybody.

Gettysburg—Deep solferino; color very distinct and beautiful.

Madame Bruant—It is entirely distinct from any other variety known, and is quite different from the usual marked varieties that have from time to time made their appearance. It has round florets, upper petals creamy-white, with distinct rosy-pink border; lower petals salmon-rose, streaked with pure lilac—a most novel color.

Snowdrop—Enormous-sized trusses of pure snow-white, retaining its pureness the entire season. In freedom of bloom, splendid habit and growth of plant this variety resembles the excellent double white variety La Favorite. We believe this to be the very best single white up to date.

Athlete—Truly a wonderful Geranium. The individual flowers are very large; color dazzling crimson.

Wonder—Very large, trusses of fiery scarlet, with shadings of maroon and crimson. Trusses held well above the foliage. In color and profusion of bloom a grand Geranium.

General Grant—The old standby as a bright red bedding Geranium. It is a mass of scarlet all summer. It has no superior.

Madonna—Color as delicate a pink as Rose Mme. Gabriel Luizet, deepening to a soft peachblow, a mingling of shades heretofore found only in the Lady Washington class. A perfect single Geranium of an entirely new shade.

Granville—Clear rosy-pink. Stands the hot sun better than any other single pink; invaluable as a bedder. Best of its class.

Geranium Heteranthe

Mrs. E. G. Hill—Large trusses composed of large-petaled, very round, perfectly formed flowers; color a brilliant deep apricot-salmon; very free blooming. One of the best of single Geraniums, and undoubtedly it has a brilliant future as a bedding plant.

J. P. Cleary—Enormous trusses; color a most brilliant shade of deep orange-scarlet; color so brilliant as to completely dazzle the eye. This is the freest-blooming single scarlet Geranium that we have had on our place for many years.

THE TWELVE BEST DOUBLE GERANIUMS

PRICE, 10 CENTS EACH, ANY THREE FOR 25 CENTS, THE SET OF TWELVE FOR \$1.00.

Jean Viard—Anyone seeing a specimen truss cannot fail to become enthusiastic over it, pronouncing it the largest and finest Geranium in cultivation. The color is the richest deep pink, shading near the base of the petals to light pink, the base of the upper petals creamy-white.

S. A. Nutt—This is the darkest and richest Geranium grown. It is a very bright, dark, deep, rich velvety maroon—an excellent bedder and a perfect pot plant—one that must find its way into every collection.

Emerson—Distinct rosy-salmon; a decided acquisition; unexcelled.

Queen of the Fairies—Clear apricot-salmon, shading toward the center to a white eye; most beautiful.

Heteranthe, or Double General Grant—Color of the flower is a light vermilion-red of a most pleasing shade. The flowers are absolutely perfect in shape, contour and makeup, trusses exceptionally large and borne in immense spherical balls, often measuring eight inches in diameter. It does finely in the open ground, and is perfectly reliable as a bedding Geranium of the highest merit.

Firebrand—The brightest, richest scarlet; none better.

Hoff Beach—Deep magenta; the best bedding Geranium of its color.

John Doyle—This is claimed by all Geranium growers to be the very best bright red bedding Geranium extant.

E. H. Trego—Color bright vermilion-scarlet. The trusses are so freely produced as to almost conceal the foliage.

Marquis de Castellane—This is a deep solferino in color. It has a splendid habit, and the color is decidedly unique and bright for a Geranium.

Beaute Poitevine—This variety is conceded to be the best semi-double salmon-pink Geranium in existence; a most profuse bloomer.

La Favorite—In this Geranium we believe we have the finest double white Geranium in cultivation. The flowers are borne on large trusses of the purest snow-white, retaining this pure whiteness even in the height of summer, and for winter blooming they are all that can be desired. Do not fail to add this charming variety to your collection.

PANSY GERANIUM

MRS. LAYAL

This new and beautiful Pansy Geranium is of easiest growth, dwarf in habit, and literally covered with flowers all the time; and as it requires little or no attention it is invaluable as a window plant. The colorings and markings of the flowers are most extraordinary—light pink, white, dark purple, black, etc., almost rivaling the Pansy in uniqueness of flower. It is this combination of coloring which obtained for it the popular name of Pansy Geranium. **Strong plants, ready to bloom, 25 cents each.**

GOLDEN-BRONZE and SILVER-LEAVED GERANIUMS

PRICE, 10 CENTS EACH.

Mountain of Snow—Deep green, with broad margin of pure white; red flowers; an old-time favorite.**Bronze-Bedder**—New; brightest and best of all; grand.**Crystal Palace Gem**—Golden-yellow margin, central disk green.**Exquisite**—Large chocolate zone, golden-yellow center.**Mme. Sallerai**—Green with white border; bushy grower.**SWEET-SCENTED GERANIUMS**PRICE, 10 CENTS EACH, EXCEPT WHERE NOTED;

Crimson Bedder.

**MARTHA WASHINGTON
THE BEST PINK****Three feet.** Strong grower, and one of the freest-blooming Cannas we have ever seen. Flowers are of large size, with well-rounded petals, good substance and not too compact. Color is bright, clear pink. Considered by experts to be one of the best Cannas ever introduced. It is the only bright pink Canna. Extra fine. 20 cents each.**CRIMSON BEDDER****Three feet.** The best of its color, and the finest of all bedding Cannas. Of compact habit, with abundant bright green, glaucous foliage, always clean and fresh, and the earliest and freest bloomer of all. Florets large and open, in large, compact trusses; bright, glowing crimson, borne in such masses as to produce a literal blaze of color. It sheds, or cleans itself, admirably, and far surpasses in every way all crimson Cannas for bedding. 20 cents each.**NIAGARA****NEW CRIMSON AND GOLD CANNA****Two and one-half feet.** Among the multitudes of new Cannas, Niagara stands pre-eminent. Great, handsome trusses; color rich, deep crimson, with a wide, irregular border of deep golden-yellow; brighter, deeper and richer than any of this class. 20 cents each.**LOUISIANA****New Grand Prize Giant-Flowering Canna Lily,**

At the Louisiana Purchase Exposition, St. Louis, where all the finest Cannas were on exhibition, Louisiana was pronounced the finest Orchid-flowering kind in existence. Height five and one-half to six feet. Its flowers are like beautiful Orchids; size often more than seven inches across, and every inch a vivid scarlet. It blooms tremendously, often four or five stalks flowering at once. You cannot conceive of anything more gorgeous. Its intense brilliancy and beauty are simply indescribable. 20 cents each.

SPECIAL OFFER—The Four New Pedigree Cannas for 60 cents, any two for 30 cents. This is a great bargain, and enables you to get the best in Cannas at a nominal cost.**GIANT ORCHID-FLOWERING CANNAS**

PRICE, 15 CENTS EACH, ANY TWO FOR 25 CENTS; THE SET OF FIVE FOR 50 CENTS.

MRS. KATE GRAY

This is an extraordinarily grand Canna in every way. Flowers are of gigantic size, measuring six inches in diameter. In color the flowers are very brilliant, deep orange, round and full, and are thrown high above the foliage, making them very showy and effective. It is one of the most effective bedders we have. Four and one-half feet.

PENNSYLVANIA

We ask particular attention to this grand new American Hybrid Orchid-Flowering Canna, because in addition to being one of the largest and most magnificent varieties ever introduced, it is the only pure deep red flowering sort in the Orchid-Flowering class. The flowers are immense, often seven inches across, with petals two and one-half inches broad, borne in splendid branching spikes. Four and one-half feet.

ALLEMANIA

The outer petals are bright scarlet with a broad yellow border, the inside colors being scarlet and dark red beautifully mottled and variegated, exceedingly showy and handsome. Four and one-half feet.

NEW GIANT-FLOWERING CANNA, ITALIA

Immense flowers of the true Orchid form; center brilliant red, petals widely bordered with clear yellow; striking and handsome; height three to four feet.

GIANT-FLOWERING CANNA, AUSTRIA

Gigantic in size, with leaves fifteen to eighteen inches long and eight to ten inches broad; flowers six to seven inches across, and borne erect in large, bold trusses; color pure deep golden-yellow; vigorous grower. Three to four feet.

STANDARD EVER-BLOOMING CANNAS

These are the best varieties in cultivation. Always in bloom. They are not like the old varieties of Cannas that seldom flower, but are always covered with large, handsome trusses of bloom. Be sure and give them a trial.

Price of plants to bloom this spring and summer, 15 cents each, two for 25 cents, any five for 50 cents, the set of nine for 85 cents.**Alphonse Bouvier**—Bright crimson flowers; five feet;**Chas. Henderson**—Fine deep crimson; has many admirers; three and one-half feet.**The Express**—Deep, rich velvety crimson; two and one-half feet**Egandale**—Foliage dark red, flowers deep red. We place this variety at the head of the list. Four and one-half feet.**Florence Vaughan**—Rich golden-yellow, spotted with bright red; beautiful. Four and one-half feet.**Madame Berat**—Pure soft pink; a variety admired by all. Four feet.**Mme. Crozy**—Bright red, with narrow margin of golden-yellow. Three and one-half feet.**Queen Charlotte**—Brilliant orange-scarlet, with a distinct golden belt around each petal. Three and one-half feet.**Robert Christy**—Brilliant orange-scarlet; a fine bedder; four and one-half feet.

PRIZE-WINNING CHRYSANTHEMUMS

The Chrysanthemums named on this page are the choicest productions from all exhibitions and sources. Our patrons can rely on them being each and every one the very choicest color, as the awards are not given until the judges are satisfied that they are better than any existing sorts. So if you wish to be up to date and have the very best, order this set.

PRICE, 10 CENTS EACH, ANY THREE FOR 25 CENTS, ANY SEVEN FOR 50 CENTS.

THE SET OF TEN PRIZE-WINNING CHRYSANTHEMUMS FOR 75 CENTS.

R. E. RICHARDSON

(Schrays Pink)—The brightest, clearest shade of pink yet produced in the "Mum" family. Both color and form are exquisite, incurring just enough to show the high color of the inside of the petal.

THE YELLOW EATON

A bright yellow sport from Timothy Eaton, a shade lighter than Appleton, and especially valuable as the best in its color to follow that fine variety up to the close of the Chrysanthemum season.

MARIE LIGER

This variety swept the shows with its charming beauty, taking every premium in its color, which is a lively pearl-pink, deepening to a very bright shade at the base of the petals.

MRS. E. THIRKELL

This is one of the finest yellow Chrysanthemums. A large, broad-petaled Japanese flower, with perfect stem and foliage

MRS. O. P. BASSETT

Beautiful light canary-yellow, deepening toward the center. This is one of the most elegant Chrysanthemums.

CONVENTION HALL

In actual beauty this variety is still unsurpassed. It will hold first place for many a day to come. Of incurved, globular form, pure white color.

BLACK BEAUTY

Dark velvety crimson, beautifully reflexed. Extremely fine. Grown in sprays. Shows no reverse.

TIMOTHY EATON

This certainly is a very giant among its fellows. Flowers can be easily grown twenty-four inches in circumference. Color creamy-white. The first year it was shown it captured every prize for which it was entered—among them four silver cups—creating a sensation.

COLONEL D. APPLETON

This is the finest golden-yellow Chrysanthemum ever sent out. It is an ideal exhibition variety, with flowers of immense size, measuring twenty-two inches in circumference.

Timothy Eaton.

LAVENDER QUEEN

An immense solid flower of perfect form. It is a lovely color. Soft, silvery lavender-pink. Decidedly distinct from any other pink. The same shade as the light-colored pink Orchids

New Chrysanthemums

The Cream of the World's Collection

Every Chrysanthemum on this page has won a medal. Indeed, some of them have won several. You can order from this list with the assurance that any one of them will be a beauty. The price we offer them at is very low, as you will see by comparing them with any flower catalogue published.

Price 10 Cents Each, three for 25 Cents; Any Eight, Your Selection, for 50 Cents. Any Eighteen for \$1.00

Robert Halliday—A perfect flower of deep golden-yellow; has a fine color and decorative form. Extra fine.

Black Hawk—An extra fine deep crimson variety of the largest size. None finer of its color.

Percy Plumridge—One of the grandest of yellow Chrysanthemums. Flowers are large and of fine form and finish.

Estelle—One of the best white varieties for exhibition or for commercial purposes. Extra.

President Wm. R. Smith—Beautiful pink, tinted delicate lemon. Has always been a great favorite.

Pride—This lovely variety is in great demand by the florists as it is a great cut-flower sort. Pure white, early.

Miss Florence Pullman—This variety is of mammoth size, purest snow-white in color. Very broad, heavy, deep flower, measuring fourteen inches in diameter.

Ivory—A favorite early white variety, always seen at the exhibitions. One of the finest of the entire "Mum" family.

Shilowa—A favorite dark crimson variety. Has won many prizes.

Lilian E. Bird—A beauty in every respect. Of the very largest size, long, tubular petals of perfect form, producing flowers which are twelve inches in diameter. The color is an exquisite shade of shrimp-pink.

Orizaba—Very delicate pink, perfectly incurving, broad petals, extremely delicate in color and finish. Extra good.

Miss Minnie Bailey—One of the grandest all-pink Chrysanthemums. In finish it is exquisite, showing not the slightest trace of coarseness.

Invincible—The best very late white Chrysanthemum. Can be had in bloom Christmas. Flowers are of large size and of the very highest quality.

Mrs. Jerome Jones—One of the finest white Chrysanthemums ever raised. Flowers of exquisite form and finish. Grand.

Mrs. Perrin—Still the brightest of all the pinks. Beautifully formed.

Major Bonafon—One of the very best deep golden-yellow Chrysanthemums. Beautiful flowers both in form and color; incurved.

Mrs. W. B. Chamberlain—The blooms are eight to ten inches in diameter, the color is a delicate lavender-pink, petals incurved.

Mrs. Jerome Jones.

Wm. Duckham—An immense Japanese, colossal in size and graceful in form. Color tender pink.

Wm. H. Chadwick—A grand double white, of fine size and great substance; very rounded in form, incurving and full. By far the best of its style, and a prize-winner wherever shown.

Mrs. Henry Robinson—This is another early white commercial Chrysanthemum of great merit. Large, double, snow-white, beautiful.

Vivand Morel—This grand variety has literally leaped into popularity. Flowers so large as to startle you. The color shades from a few rows of lavender-pearl to the richest pink.

Helen Bloodgood—A splendid pink variety, high and bright in color, globular in form, full. Extra good in every point.

Golden Wedding.

Benjamin Giraud—Rich crimson-maroon. Quite unequalled for brilliancy and velvetyness.

Frank Thompson—Beautiful white, deeply flushed pink. This grand variety has won many medals and prizes.

Modesto—Still the best commercial yellow; has no faults.

Monrovia—Brilliant straw color, incurved, carrying its flowers on long, stiff stems. Very large, if not the largest in this line of color. A large, grand flower.

Intensity—An extra fine crimson variety. Flowers are very large and exceedingly double. Extra desirable in every way.

Maud Dean—An immense pink variety, finely incurved petals, broadly shell-shaped. One of the largest flowers exhibited in the fall shows. Almost a pure self-pink.

Golden Wedding—Flowers of mammoth size, deep golden-yellow. Nothing finer among the yellows. Shines like burnished gold. The standard for measuring color.

Golden Wonder—The color is a grand, deep golden-yellow, as is also the spread of the bloom. The petals have a velvety finish. This variety is superb.

John K. Shaw—The best early pink. The first to come into bloom, being ready to cut October 8th. Excellent.

Australian Gold—Deep golden-yellow of the richest hue; of immense size. The petals are feathery, incurved and whorled. One of the finest, and no collection is complete without it. It is indeed gorgeous in its color and bearing.

Ostrich Plume Chrysanthemums

PRICE, 10 CENTS EACH, THE SET OF FOUR FOR 35c.

The term "Ostrich Plume" is applied to this type on account of the hairy, feathery growth with which the petals are thickly covered.

F. J. Taggart—A grand, deep golden-yellow, probably the finest of the hairy section.

White Swan—Decidedly the best white Ostrich Plume variety yet introduced.

Louis Boehmer—Color a most beautiful shade of lavender-pink.

Hairy Wonder—Enormous terra cotta, broad, spreading Japanese variety, with extremely wide cupping and incurving petals, which are covered with glandular hairs. Reported as the largest and best hairy ever exhibited. Habit, stem and foliage perfect.

“Standard” Set of Carnation Pinks

Here is an Offer That Stands for Quality, Quantity and Cheapness.

Strong Plants, 10 Cents Each, Three for 25 Cents; Seven for 50 Cents; Set of TEN, Postpaid, for 75 Cents. Please Order as the “Standard” Set.

Estelle—One of the most fragrant Carnations we have seen. Color a clear, bright, glowing scarlet; a most continuous bloomer, and distinct in color from any other sort offered. Greatly admired by all who have seen it growing here.

Morning Glory—This variety has been greatly admired wherever it has been seen for its desirable color, being a beautiful light pink satin color; flowers large size and very freely produced. Plant of grand habit and vigorous growth. It is a superb variety.

Jubilee—Very dwarf, and of a nice bushy growth, forcing very long flower stems, each individual flower possessing a stem varying from three to eight inches in length. It has perfectly formed flowers; color a rich, bright, dazzling scarlet. We unhesitatingly recommend this sort.

Lady Bountiful—Large, nicely filled flowers of purest white, not only good for large-sized blooms when given special care, but valuable for garden planting and pot culture, very sweetly scented with that delightful old-fashioned clove fragrance.

Della Fox—Its color is almost indescribable. Of a rosy-orange shade, striped and flaked with carmine, never-bursts its calyx, is very free and early flowering, and can always be cut with a long stem, a most desirable feature in the colored Carnation nowadays.

Abundance—Flowers very large and perfect in form; color a bright rosy-pink, with salmon shading when the flowers are fully expanded. A very healthy grower and remarkably free bloomer. Plant dwarf, growing about fourteen inches high. This we consider one of the best pink varieties ever offered and an excellent variety for pot culture.

White Cloud—This variety is the largest white Carnation in cultivation—often measures four inches in diameter. The flowers are of the purest white, with petals of great substance, making it one of the very best.

Genevieve Lord—As large as the largest light pink ever offered. A few blooms last season measured nearly four inches. It has taken first prizes wherever offered.

Whitcomb Riley—The ground color is the faintest blush, lightly penciled in soft pink. The bloom is fluffy in appearance, exquisitely beautiful in form. One of the grandest of all Carnations.

Bon Ton—This is by far the darkest Carnation ever seen, and at the same time the most abundant bloomer. Brilliant dark red, shaded with richest maroon, fringed petals, nearly every flower being on a long stem. This variety surpasses in richness of color the most perfect Jacqueminot Roses.

Monthly or Ever-Blooming Carnation Pinks

THE DIVINE FLOWER

THE “NOVELTY” SET OF NEW CARNATIONS

A Collection of the Best Novelties of Recent Introduction. Strong Plants, 15 cents Each. Any Three for 35 Cents. Set of Six Varieties for 60 Cents, Postpaid. Please Order as the “Novelty” Set.

For beauty of flower, ease of culture, certainty and freedom of bloom, together with exquisite fragrance, this is well called the “Divine Flower.” Plants in the open ground quickly make larger specimens, and when brought indoors in the fall produce an abundance of flowers throughout the entire winter. Carnation blooms are expensive; don’t buy them—grow them yourself. Pinch the plants back frequently during the growing season. In the fall, bring indoors, place in a four or five inch pot, keep in a temperature of forty or fifty degrees at night, and they will yield an immense number of flowers with splendid stems, as fine as those sold by florists. If not pinched in they will bloom profusely during the summer. We offer the finest varieties in existence. There are none better. Remember that every plant we send out is true to name and genuine. In price we easily beat all competition. Your order is not complete without some Carnations.

New Scarlet Crimson Carnation, ADONIS

Another grand new variety, so distinct that it stands alone. Carnation Society’s convention last year. The flowers measure two to three feet; a healthy, vigorous grower. But its color—a glowing scarlet-crimson, intense and fiery with its rich ox-blood shadings, far and away beyond all other Carnations.

Awarded the Lawson Gold Medal, also the S. A. F. Medal at the three and one-half inches when well grown; long, strong stems,

New Pink Carnation ENCHANTRESS

(The Great \$10,000 Beauty.) The great forward stride in Carnations is made more manifest in this than any other since the advent of the Mrs. Thomas W. Lawson. It was raised by the same grower, and he pronounces Enchantress superior to it. The flowers are three and one-half to four inches across when well grown; the stems are strong, and from two to four feet long; the color is a superb shade of rosy blush-pink, richer and warmer toward the center; an early and continuous bloomer, a strong, healthy grower; the ideal Carnation in every way. Ten thousand dollars was paid for the stock of it by a cut-flower grower, the best evidence of its value.

THE SENSATIONAL CARNATION MRS. THOS. W. LAWSON

The grandest of pink Carnations—a true exhibition variety. Bloom large and spreading, stem stiff; a good grower. All newcomers will have to meet comparison with the Lawson. Very free for so large a flower. The Lawson is the queen of a class all her own, just as American beauty is among Roses. No grower can afford to be without it. Thirty thousand dollars (\$30,000) was paid for this variety, the highest price ever paid for any flower.

GAIETY

Color pure white, with a very few narrow pink pencilings about the edge, leaving the body of the flower pure white. Size large and full, form very round and symmetrical. One of the best producers, beginning to bloom early and continuing throughout the season without intermission.

New Pure White Carnation, HER MAJESTY

Purity of color fairly glens all over this flower; form is simply perfect; size larger than any other white; stem the strongest, and about thirty inches long. It is bound to become the standard white for both winter and summer blooming, as it will start blooming July 1st and continue until the same time a year later. The calyx never splits, and the bloom always comes perfect.

New Fancy Carnation, PROSPERITY

This is the largest Carnation ever offered. It is a wonderfully free bloomer, considering the monster size that the flowers attain. White overlaid with pink in mottles reminding one of the beautiful tints seen in Azaleas.

New Fancy Carnation, PROSPERITY.

SPECIAL OFFER Both the “STANDARD” and “NOVELTY” Collections of Carnations, Sixteen Most Distinct Sorts, for only \$1.10. You cannot duplicate these for this sum elsewhere. Order these two sets of Carnations, and you will have all that is desirable in this favorite flower.

FERNS

The Wonderful New Fern

"BABY'S BREATH"

Nephrolepis Amerpohlii—This is the grandest of all Ferns. It is so delicately fine and fluffy in foliage that it has been given various names, among them "Baby's Breath," indicating that its fronds are so very fine and delicate that a baby's breath would set them in motion. Some call it the Philadelphia Lace Fern. Whatever name you call it by, it is a beauty. It was raised by a Mr. Amerpohl, of Janesville, Wisconsin, and named after himself. Our reputation for it, that it is the finest of all Ferns. No Ostrich Plume can compare with it in fluffiness. **Fine young plants, 25 cents each; strong plants, 50 cents each; do not fail to try this Fern.**

The Beautiful Silver Fern

PTERIS ARGYREA

A very showy Fern, with variegated foliage, fronds large, light green, with a broad band of silver-white down the center of each. Very distinct. We have a large stock of this beautiful Fern. **Price, fine plants, 25 cents each.**

BOSTON FERN

Nephrolepis Exaltata Bostoniensis—In the vicinity of Boston no other plant is so extensively used as this graceful Nephrolepis, which differs from the ordinary Sword Fern in having much longer fronds, which frequently attain a length of six feet. These arch and droop over very gracefully, on account of which it is frequently called the Fountain Fern. This drooping habit makes it an excellent plant to grow as a single specimen on a table or pedestal. **Young plants, 15 cents each; strong plants, 40 cents each; large, fine specimens, 75 cents to \$1.00 each, according to size.**

NEPHROLEPIS PIERSONI

The Tarrytown Fern—In this beautiful new Sword Fern we have a rival of the Ostrich Plume Fern. The fronds are larger than the Ostrich Plume. Beautiful. **Price, 20 cents each; large plants, 50 cents to 75 cents and \$1.00 each, according to size.**

NEPHROLEPIS WHITMANII

The Ostrich Plume Fern—The grandest of all Ferns. In fact, it is a plant that appeals to everyone, and on that account will prove a much more valuable and profitable plant than the Boston Fern, which has had the most phenomenal sale of any decorative plant that has ever been grown, but which cannot be compared to the Ostrich Plume Fern for beauty or general effectiveness. Everyone who has seen it is charmed with it. As someone has expressed it, "There is nothing like the Ostrich Plume Fern in cultivation. In decorative effect it so far outdistances the original variety that there is positively no comparison to be made. We consider it the most valuable novelty that has been introduced in many, many years." It has taken gold medals wherever shown. **Fine young plants, 20 cents each; strong plants, 50 cents, 75 cents and \$1.00, according to size. These are fine plants, and will not disappoint you.**

NEPHROLEPIS DAVALLIOIDES FURCANS

The Fishtail Fern—This is a beauty, growing into large fine specimens, fine for house culture, the fronds are crested and the ends are shaped like a fishtail. **Fine young plants, 25 cents each; strong plants, 60 cents each.**

NEPHROLEPIS EXALTATA

This is the old-fashioned Sword Fern, and many prefer it to the newer varieties. It is of upright growth, makes handsome specimens, and is fine for planting in vases, etc. **Price, 15 cents each; large plants, 30 cents each.**

PTERIS TREMULA

(Shaking Fern.) The foliage of the Pteris varieties is large; very graceful. The slightest movement of the air shakes the leaves of this kind, which we recommend more than any other for house culture, etc. It grows readily and very fast. Keep the leaves from dust and sprinkle slightly every warm day. **Price, fine plants, 20 cents each.**

Baby's Breath Fern

Dwarf Ferns for Fern Dishes

We have selected a few of the hardest and most satisfactory varieties for filling Fern dishes, than which there is no prettier table decoration. **Price, 8 cents each, or we will send six distinct Dwarf Ferns for 40 cents. We have six other distinct choice varieties of Dwarf Ferns at the same price; we will send twelve distinct Dwarf Ferns for 60 cents; these will make a fine full fern dish for the table.**

Adiantum Formosum—The popular Maiden Hair Fern; very beautiful and graceful.

Aspidium Tsussimense—The most valuable for Fern dishes; of strong, but dwarf and graceful habit, of good color and of the best keeping qualities. A clean, good grower, and very ornamental.

Cyrtomium Falcatum, or Holly Fern—A beautiful and rapid growing Fern that succeeds exceedingly well, small plants making fine specimens in a very short time. Fronds resemble branches of holly, from which it takes its name.

Pteris Adantoides—One of the finest Ferns. Has very decorative and handsome fronds.

Pteris Cretica Albo-Lineata—A very pretty and useful variegated variety, with silver markings.

Pteris Wimsetti—A beautiful low-growing Fern, suitable for table dishes.

The Wonderful Japanese Fern Balls

All you have to do to start them to growing is to soak them well with tepid water for half an hour and hang them up in a warm room. It usually takes about six weeks to start them. They need no earth, dish or pot—simply soak them and hang them up. Repeat this watering before they get dry every day. **Price, 50 cents each.**

PALMS ARE EASILY GROWN AND INCREASE THEIR VALUE TWO TO FOUR FOLD EVERY YEAR

PALMS

Palms are Now Indispensable for All Decorations, whether in or outdoors, and for Tropical Bedding.

It may be well to state here that young Palms do not resemble the illustrations given, as they do not show their character leaves until the second year, so that when you get your small Palm plants, and see long, narrow leaves, instead of the character leaves as shown in the illustrations, do not think that the wrong kind has been sent you.

The following is a select list of rare and handsome varieties that can be recommended for apartments, conservatories, decorations or vase plants during the summer. They are all grand plants, and of the easiest culture.

Palm Phoenix Canariensis—For decorating courtyards, verandas, etc. This is the Palm that was used so largely in vases throughout the grounds of the World's Fair. It will thrive under more unfavorable conditions than any other Palm, for which reason it is particularly adapted to hallways or other positions where other Palms would not exist. Plant it out in your yard or garden in California or in the Southern States. **Young plants, 20 cents each.**

No. of Leaves	Height Inches	Price each.
4 to 5.....	40.....	\$2.00
4 to 6.....	48.....	3.00
6 to 7.....	54.....	5.00

Kentia Belmoreana and Forsteriana—Kentias are among the best of the Palm species for general cultivation, being almost impregnable against disease. This variety is one of the best in its class; gracefully disposed as a decorative plant for the window, dinner table or conservatory, it scarcely has an equal. We offer both varieties of Kentias at the following prices: **Nice Young Plants, 25 cents each.**

No. of Leaves	Height Inch	Price Each
3 to 4.....	12 to 15.....	\$1.00
5 to 6.....	18 to 24.....	1.75
5 to 6.....	3 to 4 feet.....	3.50

Cycas Revoluta (Sago Palm)—These are magnificent plants of noble, majestic habit and most impressive. They are probably the most valuable decorative plants grown, both for lawn and house decorations. Their heavy glossy, deep green fronds resist alike the gas, dry heat, dust and cold to which decorative plants are frequently exposed.

No. of Leaves	Height Inches	Price Each

6 to 8.....	12 to 15.....	1.50
8 to 10.....	18 to 20.....	2.25
12 to 15.....	18 to 20.....	3.50

Areca Lutescens—This majestic Palm is without a peer for strength and elegance combined. Dark, glossy green leaves, gracefully curved, on slender stems, the entire foliage gracefully disposed. Trunks and stems are a golden-yellow, irregularly spotted with bronzy green, giving it a peculiar charm. **Young plants, 25c each; fine plants, 12 to 18 inches, 50 cents each.**

Cocos Weddelliana—Is undoubtedly the most graceful Palm yet introduced to our collection. Stems are slender, leaves long and beautifully arched; leaflets or pinnae are very fine; deep green above, white below. **Fine plants, 8 to 10 inches, 50 cents each; strong plants, 15 to 18 inches, \$1.00 each.**

Latania Borbonica—Well-known Favorite Fan Palm—Beautiful in all stages of growth. No plant is more easily grown; none more tenacious of life, enduring alike cold and heat from open windows and gas-heated air of our dwellings. Leaves large, fan-shaped, cheerful green color. Hardy constitution, adapted to all decorative purposes, within or without doors; appreciated by all the plant-loving community. **Price, young plants, 25 cents each; nicely developed plants showing full character leaves, 12 to 15 inches high, 75 cents each.**

Phoenix Reclinata—One of the finest and most hardy. The native Date Palm of the Canary Islands, and in the South and Pacific Coast it matures its fruit. It makes a fine specimen plant, and should be included in every collection. **Young plants, 20c each.**

Washingtonia Filifera—A beautiful Palm. It has elegant dark green fan-shaped leaves, from which hang thread-like filaments. **Price, 10c each.**

Corypha Australis—A handsome, fan-leaf Palm of rapid, easy culture. Very valuable and useful for outdoors during the summer. **Young plants, 20 cents each.**

Seaforthis Elegans—A most useful conservatory or lawn plant. Leaves from two to ten feet long. Largely grown on account of its hardy constitution and useful and graceful character. They develop into noble specimens. **Young plants, 20c each**

Phoenix Canariensis.

SPECIAL OFFER—We mail FOUR DISTINCT PALMS, young plants, for only 50 cents

Asparagus Sprengeri

Asparagus Plumosus Nanus.

The Emerald Feather—A most desirable species, especially useful to grow as a pot plant for decorative purposes or for planting in suspended baskets. The fronds are frequently four feet long, of a rich shade of green, and most useful for cutting, retaining their freshness for weeks after being cut. It will make an excellent house plant, as it withstands dry atmosphere, and will succeed in almost any situation. **10 cents each, three for 25 cents; large, strong plants, 25 cents each.**

Asparagus Plumosus Nanus

The Climbing Lace Fern—This graceful climber has to a great extent taken the place of the once popular Smilax in all fine decorations. It possesses the advantage of being much more graceful—its foliage being finer than that of the most delicate Fern—and will last for weeks after being cut, the whole plant being of a bright, cheerful green. Excellent house plant, succeeding under almost any conditions. **10 cents each for fine plants, three for 25 cents; large, strong plants, 25 cents each.**

Araucaria Excelsa

Norfolk Island Pine—Various names have been suggested for this grand plant to properly convey to the mind the appearance of it. Some have called it the "Christmas Tree Palm," from its resemblance to a Christmas tree; others have called it the "Star Palm," because the leaves are arranged to form a perfect star. But no descriptive name can give an adequate idea of its beauty. It has deep green, feathery foliage, arranged in whorls, rising one above the other at regular distances. Its symmetry of form, grace and beauty of foliage are unequalled in the vegetable kingdom. Easily grown in the house, and highly ornamental. It requires the same culture as the Palm. **Extra fine plants, \$1.00 each; extra fine specimens, \$1.25 each.**

Araucaria Excelsa

The Twelve Best Azaleas

No plant has increased in popularity during recent years with such amazing rapidity as the Chinese Azaleas. A few years ago the annual importation of these from Belgium into the United States would hardly exceed twenty-five thousand. Today it reaches five hundred thousand. At Easter they are seen in every church and in the windows of our finest residences. The ease with which they can be grown, their diversity of color and freedom of flowering will always keep them in public favor. The plants we offer are all set with buds, and are beautifully trained specimens, and will flower in the springtime in any ordinary living-room. We give their time of flowering, so you can have a succession of bloom. In summer set out of doors in the shade and keep moderately wet. **Plants twenty-four inches in circumference, 75 cents each, any six for \$4.25.**

- Apollo**—(Medium.) Crimson-scarlet; best red.
- Bernard Andrea Alba**—(Late.) Superb white.
- Dr. Moore**—(Late.) Intense rose, tinted white and violet.
- Deutsche Perle**—(Early.) Ivory-white; extra fine.
- Empress of India**—(Late.) Salmon, with white border; magnificent variety.
- Madame Van der Cruyssen**—(Late.) Glossy rose, tinted with amaranth. By many thought to be the best of all.
- Professor Wolters**—(Medium.) Beautiful variety; rose, white bordered.
- Sakuntala**—(Medium.) A grand variety; very double, of the finest white.
- Sigmund Eucker**—(Early.) Lilac-rose, bordered with white, blotched crimson.

Azalea Indica (Chinese Azalea).

Simon Mardner—(Early.) Intense velvety rose; a grand variety.

Schrijveriana—(Late.) Very double, pink and white, with darker center; splendid.

Verseneana—(Early.) Clear pink, white margin, very large flower.

Acalyphas

Acalypha Marginata—A charming variety, deep green foliage, with a distinct margin, the edge of each leaf of bright pink; lovely. **8 cents each.**

Acalypha Sanderii—The most sensational new plant introduced for years, and one of the most striking flowering ornamental plants. Strong, free growth, with large, dark green leaves from each axil of which rope-like spikes of velvety crimson flowers from one to two feet long and nearly one inch thick are gracefully suspended. **10 cents each.**

Acalypha Bicolor Compacta—Surpasses the finest Coleus or Rex Begonia in the beautiful coloring of the leaves, which are a bright green, margined with a wide, irregular band of lemon-yellow and with yellow bars running lengthwise of the leaf and dotted thickly with yellow blotches. Entirely distinct from all others. **Price, 10 cents each.**

Acalypha Tricolor—Foliage mottled green, pink and bronze; very showy and effective. **Price, 10 cents each.**

Special Offer The Four Acalyphas for **30 Cents**

Acalypha Sanderii.

Agapanthus Umbellatus

Blue African Lily, or Lily of the Nile—A splendid ornamental plant, bearing clusters of bright blue flowers on long flower stalks, and lasting a long time in bloom. There is no finer plant for outdoor decoration, planted in large tubs on the lawn. **20 cents each.**

Aloysia Citriodora

Lemon Verbena—This plant has the most fragrant foliage of any plant grown. The fragrance is that of the Lemon. One plant will scent up a whole yard. Grows rapidly; exquisite. Can be wintered over in the cellar. **6 cents each, two for 10 cents.**

Antigonon leptopus, or the "Queen's Wreath"

The Queen's Wreath.

A splendid climbing plant from central Mexico producing rose-colored flowers in racemes two feet long. The profusion of bloom is such as to give the resemblance of Roses at a distance, hence its name, *Rosa de Montaña*, or *Mountain Rose*. Will live out over winter anywhere in the South. The vines are killed to the ground by frost, but they quickly shoot up in the spring, and develop their flowers from June until frost. This is, without doubt, the finest climbing vine grown. Try it. The bulbs are usually dormant, according to the time of year. 10 cents each, three for 25 cents.

Brugmansia, or Angel's Trumpet

Here is a plant for the masses. It grows easily, blooms freely, and the flower is something to be proud of. The *Brugmansia* blooms indoors in winter and in the garden in summer. The plant has large, tropical leaves, with blooms eight inches long by six inches wide at the mouth, resembling a trumpet, hence the name, "Angel's Trumpet." Pure white in color and as fragrant as a Jasmine. **Blooming plants, 10 cents each; extra strong plants, 20 cents each.**

Flowering Begonias

Price, 10 cents each; three for 25 cents; any seven, your choice, for 50 cents.

Alba Picta—Long pointed, slender leaves, thickly spotted with silvery-white; foliage small and elegant; lovely pink flowers.
Argentea Guttata—Lovely green foliage, with spots of silvery white.

Bertha—This is the freest flowering Begonia I have. It blooms the year round, makes a handsome window plant, with its beautiful foliage and bright currant-red flowers.

Decorus—This is the white-flowering *Rubra*. Very similar to it, but with white flowers.

Dewdrop—A grand variety with white flowers.

Foliola—A beautiful fine foliage variety; pink flowers.

Fuchsioides Coccinea—Elegant free-blooming variety. It resembles *Hybrida Multiflora* in growth. Flowers bright scarlet.

Hybrida Multiflora—This beautiful plant makes handsome specimens, with its graceful branches and pendulous flowers of bright rosy-pink. Very floriferous.

McBethii—Shrubby in growth, with very deeply indented leaves, which are fine and small. White flowers, waxy in texture, carried in panicles.

Marguerite—Bronzy-green foliage, light rose-colored flowers; elegant.

Brugmansia, or Angel's Trumpet.

Begonia Decorus.

President Carnot—Upper side of foliage deep green, under side plush-red; flowers beautiful coral-red.

Rubra—Has strong, slender branches, gracefully drooping under heavy waxy leaves and pendent panicles of coral-colored flowers as large as a hand. Medium-sized plants are frequently seen with more than twenty such panicles at a time. 20 cts. each.

Robusta—Bright rose and pure white. Coral-red buds. This is a very desirable variety.

Sandersoni—(The Coral Begonia). One of the best flowering Begonias. The flowers are of a scarlet shade of crimson, borne in profusion for months at a time. Resembles coral.

Thurstonii—Metallic green leaves, with shell-pink flowers.

Vernon—A fine bedding Begonia, deep rose flowers.

Weltoniensis Alba—Finely-cut foliage with pure white flowers.

New Trailing Begonia Marjorie Daw

This is a grand new flowering Begonia. It trails or droops, thus producing a splendid effect. Grand pink flowers, try it. 15 cents each.

Begonia Rex

Or King of the Begonias.

We can supply twelve fine sorts of Rex Begonias at 20 cents each; three for 50 cents.

Tuberous-Rooted Begonias

These are among the very handsomest of our summer blooming plants, flowering throughout the season, and as fine and varied in their colors as the Geranium family. They are splendid bedders, delighting in a light soil of woods earth, very old cow manure and sharp sand. See that the bed is in partial shade, and you will be delighted with the results. In the South, or where they cannot be planted in the shade of a house, a covering of bur-lap or canvas some six or eight feet above them, will allow them to come to absolute perfection, but they must have plenty of light and air. Do not allow them to become dry. When through flowering they can be dried off, shaken free of earth, wrapped in cotton until May, when they may be started again.

Single—White, yellow, crimson, rose, scarlet. 10c each; three for 25 cents.

Double—In the same colors. 15c each; 2 for 25c.

Cyclamen Persicum Giganteum or Persian Violet

This is a decided improvement over the old variety, being of a more robust habit and stronger grower. Produces flowers on short, stout stems, and of immense size, often measuring, on well grown bulbs, two inches in diameter. The foliage is also beautiful, and it is a charming winter bloomer. 10c each; three for 25c.

Cyclamen, or Persian Violet.

Cyperus Alternifolius

Umbrella Plant

—This is a plant of the easiest culture, and a large specimen is as handsome as a Palm for decoration. It makes a handsome pot plant, or can be used in baskets or vases, making a charming effect. It will grow luxuriantly in water, and is therefore indispensable for aquariums or fountains. 8 cents each; two for 15 cents.

Calla Lilies

Golden Yellow

Calla — (Richardia Elliottiana). Entirely distinct and unlike all other forms of yellow Callas; it has the same habit of growth as the ordinary white variety, with flowers of same size and shape, but of a rich, clear, lustrous golden-yellow color; the foliage is dark green, with a number of translucent creamy-white spots, which add much to its beauty. It is but a few years ago that this sold at a very high price. We are now able to offer strong, blooming bulbs at 40c each; three for \$1.

New Dwarf Calla Lily, Little Gem—This Calla only grows about eighteen inches high, and is the freest blooming of all the Callas. The bloom is pure white. The following facts will convince anyone of its great superiority over the old sort. Of dwarf habit. The same plant will grow and bloom for years, and the quantity of bloom which a good plant will produce is astonishing. A large plant is hardly ever without one or more flowers. All in all, it is one of the most desirable plants we have ever offered. 15 cents each; two for 25 cents.

Spotted Calla—(Richardia Alba Maculata). Plant with beautiful spotted leaves. It flowers abundantly during the summer months when planted out in the open border. It makes a fine plant for the center of vases. The flowers are shaped like those of a Calla, and are pure white, shaded with violet inside. Keep dry in the winter, and start in the spring like a Dahlia. Blooming bulbs, 15 cents each, two for 25 cents; larger size, to produce a dozen blooms, 25 cents each.

Calla Hastata—(Lemon Yellow). It is just like the others, only the flower is a lemon-yellow. It is very distinct, and will enrich anyone's collection. 25 cents each.

Calla Ethiopica—(Egyptian Lily). This is the well-known Egyptian Lily, or Lily of the Nile, with large white flowers, broad foliage, and it will prosper under very adverse circumstances. If you want large Callas, send to us, as we are headquarters for them. We have three sizes. Small plants, to bloom next winter, 10c each; strong blooming bulbs, 25c each; mammoth bulbs, to make ten to twelve blooms, 50c each.

Golden Yellow Calla.

Crotons

The Crotons are among the finest foliage decorative plants known. As easy to grow as Coleus, and much brighter in their coloring. Our customers everywhere, especially in the South, should bed out Crotons. They can be lifted and potted in the fall, and make handsome house plants. The leaves of all are more or less veined and margined, sometimes entirely variegated, with shades of yellow, orange and crimson. Some have long, narrow leaves, arching gracefully, fountain fashion; others are broad and short, oak-leaved; some recurve very much; others are twisted corkscrew-like. Crotons love heat, sunshine and moisture. The Crotons are fast becoming one of our most beautiful bedding plants, and are also one of the handsomest house plants in pots. 10 cents each, three for 25 cents, seven for 50 cents; the set of Eighteen Varieties for \$1.25. Strong plants, in four-inch pots, that will give immediate effect, 20 cents each, three for 50 cents.

Aurea Maculatum—Long leaves; deep green, profusely spotted with bright yellow; fine bedder.

Aurea Ovalifolia—Deep olive-green, yellow midrib; some leaves almost golden-yellow.

Baryii—Green foliage, spotted and splashed golden-yellow.

Baroness Rothschild—Broad leaves of bright crimson, yellow and green markings; a very desirable variety; fine bedder.

Cornutum—Yellow and green; very distinct.

Day Spring—A fine variety that beds well. Irregular markings of yellow and red on subdued green background. As pretty as the highly colored autumn leaves; fine bedder.

Croton Baroness Rothschild.

Disraeli—Oak-shaped leaves with red, yellow and green colors nicely blended.

Irregular—Leaves irregular in shape; colors red, yellow and green; fine bedder.

Ingomar—Lovely green leaves with bright yellow center.

Klingii—Irregular leaves, marked yellow, changing to crimson.

Multicolor—Irregular leaves. Yellowish midrib changing to crimson.

Nobilis—Long green leaves, marked yellow, changing to crimson.

Nestor—Olive ground, pink midrib and green spots; finest of all Crotons; fine bedder. We have a fine stock of this superb Croton.

Picturatum—Long leaves of yellow, green and red; fine for bedding.

Queen Victoria—A very bright variety. A great favorite, and always hard to get. Medium long leaves, with brightest crimson, yellow and green markings; very desirable.

Spirale—Leaves twisted like a corkscrew; very pretty.

Veitchii—Yellow, green and crimson; one of the best. Always scarce and much sought after; fine bedder.

Weismanii—Long leaves, mottled golden-yellow.

*We are, without doubt, the largest growers
of Crotons in America.*

Camellia Japonica

THIS IS THE FAMOUS "JAPONICA" OF THE SOUTH.

Leaves glossy green, flowers of exquisite beauty and waxy texture. From pure white to crimson, in almost endless variation, the pure white ones generally prized above the colored varieties. Culture nearly related to that of the Azalea, but their success is more certain. Requires shade and moisture throughout the hot season. Time of blooming is in winter and in early spring. Requires moderate and uniform temperature, with as little artificial heat as possible. When set with flower buds great care must be taken in watering—when left too dry the buds are sure to drop. We have a fine assortment of colors in white, red, crimson, pink, rose, spotted and striped, all double flowering. Plants two to two and one-half feet high, 75 cents each; four distinct kinds for \$2.85, or set of twelve for \$8.50.

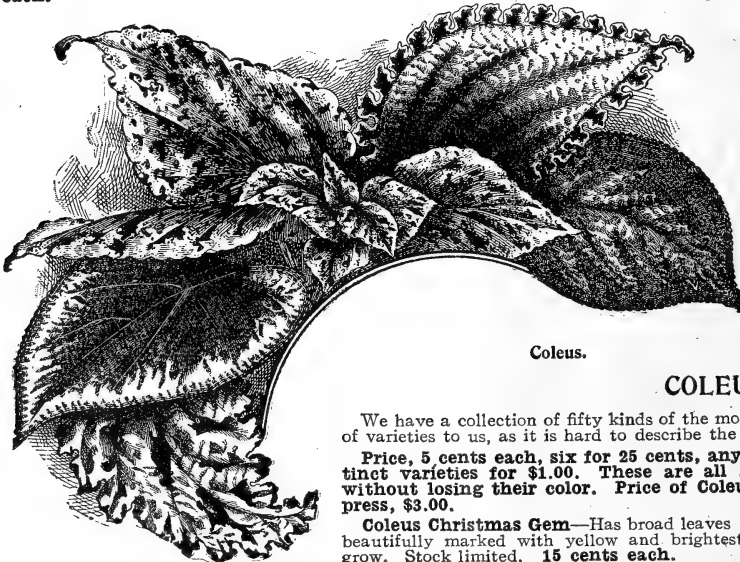

Caladium, Fancy Leaved

A fine decorative plant for open ground or pot culture. Foliage is beautifully variegated, being striped and mottled with crimson, yellow, pink, green, etc. The bulbs should be potted early in the spring, and after growth begins placed in a shady location. We have twelve distinct kinds. Price, 20 cents each, six for \$1.00.

Fancy Leaved Caladium.

Caladium Esculentum, or Elephant's Ear—One of the most beautiful and striking ornamental foliaged plants in cultivation, either for culture in large pots or tubs or for planting out on the lawn. Will grow in any garden soil, and is of the easiest culture. When of full size it stands about five feet high, with immense leaves often measuring four feet in length by two and one-half in breadth. The roots should be preserved in dry sand in the cellar during winter, out of danger from frost. Good bulbs, 10 cents each, three for 25 cents; large bulbs, 25 cents each, \$2.50 per dozen; mammoth bulbs, 50 cents each.

Coleus.

COLEUS

We have a collection of fifty kinds of the most distinct sorts out. Leave the selection of varieties to us, as it is hard to describe the various tints.

Price, 5 cents each, six for 25 cents, any twelve for 50 cents; twenty-five distinct varieties for \$1.00. These are all good bedders, standing the hot sun without losing their color. Price of Coleus by the hundred when sent by express, \$3.00.

Coleus Christmas Gem—Has broad leaves that often measure eight inches across, beautifully marked with yellow and brightest crimson. The prettiest foliage plant we grow. Stock limited. 15 cents each.

Dahlias.

DAHLIAS

Within the last year or two a wonderful revival of interest in the Dahlia has resulted in their now being important rivals of those standard bedding plants, the Canna and the Geranium. This to a great extent is due to the introduction of the dwarf, profuse-blooming varieties that a few years ago were unheard of. We offer a collection of the best cactus, show and decorative Dahlias, in red, white, yellow, pink, variegated and all intermediate shades. They are the cream of over five hundred varieties, selected after critical examination, and combining in a superlative degree purity of color, perfection of form, free and continuous flowering, and they succeed under the most ordinary garden culture. All the Dahlias offered are for strong roots to bloom this summer.

Show and Fancy Dahlias

Price, 15 cents each, two for 25 cents, six for 70 cents; the entire set of Ten Show Dahlias for \$1.15.

Arabella—Rich deep primrose, tipped with a delicate suffusion of rose.

A. D. Livoni—Rich, clear, pure pink.

Electric—Bright crimson-scarlet.

Eloise—Dark maroon, tipped and striped white.

Orator—Fawn color, suffused with buff.

Queen Victoria—Sulphur-yellow; best of all yellows.

Ruby Queen—Ruby-purple; very rich.

Penelope—Pure white, flecked carmine.

Marguerite—Lilac-pink; a great favorite.

Pluton—Deep golden-yellow; extra fine.

Decorative Dahlias

Price, 15 cents each, two for 25 cents, six for 70 cents; the set of Twelve Decorative Dahlias for \$1.35.

Clifford W. Bruton—The color is a solid pure yellow, the clearest and richest shade ever seen; the best yellow Dahlia.

F. L. Bassett—Very rich plum-purple; distinct.

Grand Duke Alexis—This is a very large white, each petal being delicately tipped with lilac; very large and showy.

King of the Yellows—Rich golden-yellow; a profuse blooming variety, flowers large and handsome; one of the best yellow Dahlias grown.

Mrs. Winters—Pearly-white, petals long and symmetrical, flowers very large; one of the prettiest white Dahlias.

Maid of Kent—Crimson, shaded to cherry-red, tipped white; very inconstant in color, many shades on the same bush; a lovely variety; belongs to the Cactus type.

Shasta Dahlias.

Nymphaea—Color a soft delicate shrimp-pink; known as the pink Water-Lily Dahlia; a beauty; our first choice.

Oriental—Terra cotta or orange-scarlet; a lovely Dahlia.

Storm King, or Blizzard—This is, without question, the finest of all pure white Dahlias; a fine flower of immaculate whiteness and a constant bloomer.

Sylvia—A clear deep pink; a grand Dahlia.

Wm. Agnew—The grandest red Dahlia ever produced. Flowers of the largest size, six to seven inches in diameter, perfectly double; the color is the richest shade of intense dazzling red; grand.

Zulu—Darkest maroon, blackish cast; an imperial color.

Cactus Dahlias

Price, 15 cents each, two for 25 cents; the set of Six Cactus Dahlias for 70 cents.

Countess of Lonsdale—Fine salmony-scarlet, very free and elegant.

Earl of Pembroke—Deep royal purple; very rich.

Fighting Mac—Brightest rich scarlet; probably the best of its color; extremely rich.

Floradora—Deepest rich crimson, shading to maroon.

Kriemhilde—Clear pink, shading to white center; some flowers are an even pink.

Standard Bearer—Cardinal-scarlet, bright and rich.

Pompon Dahlies

Price, 15 cents each, two for 25 cents; the set of Six Pompon Dahlias for 70 cents.

Elegans—Deep rose-pink; a beauty.

Fairy Queen—Deep sulphur, edged bright peach.

Lou Kramer—Yellow, heavily tipped crimson.

Purity—Pure white; a grand variety.

Sunshine—Brilliant scarlet; a profuse bloomer.

Snowclad—This is certainly a grand Dahlia; pure snow-white.

SPECIAL OFFER—The entire collection of Thirty-Four Dahlias, costing \$5.10, for \$3.50. You can take prizes anywhere with these Dahlias.

Shasta Dahlies

New Hardy Plant

The Shasta Daisy is one of the most marvelous productions in the flower line that has ever been brought to the notice of floriculturists. It is the first of a new type which has been obtained by hybridization and rigid selection through a series of years. Its first qualification is extreme hardiness. Second, it is perennial, blooming better and more abundantly each season. Third, it is not particular as to soil. Fourth, it blooms for sev-

eral months. Fifth, the flowers are extremely large and graceful, averaging about four inches in diameter, with petals of the purest glistening whiteness, which are borne on single, long, stiff, wiry stems. Sixth, the blooms when cut remain perfectly fresh and in good condition for two weeks or more. No other flower can compare with it in usefulness. 10 cents each, three for 25 cents.

Marguerite Dahlies

Marguerite Daisy Madame Gailbert—This is one of the finest new plants that has ever been introduced. Nothing can be imagined that is finer. All know the old varieties of Paris Dahlies, how beautiful and much sought after for decoration of all kinds. This new variety blooms constantly, and will produce ten blooms to the old variety's one. Nothing is so airy and graceful as these blossoms of large white petals showing a yellow disc. 10 cents each.

Marguerite Daisy Etoile d'Or—The new yellow Paris Daisy, similar to Madame Gailbert, but a rich golden color. The two varieties go handsomely together. 10 cents each.

THE SET OF THREE DAISIES FOR 25 CENTS

Ficus Elastica

India Rubber Plant—Very large, smooth, leathery leaves. Evergreen foliage. Esteemed one of the finest house plants. Each new leaf is enclosed in a long coral-red envelope, looking like a great red flower bud. The rubber of commerce is obtained from this plant. It stands all kinds of harsh treatment. Small plants, 12 inches high, 50 cents each; 18 inches high, 75 cents each; fine plants, two feet high, \$1.00 each.

"Phenomenal" Collection of Fuchsias

These are the best varieties of the Fuchsias, and embrace all the colors known in this beautiful flower. Be sure and try them. Price, 10 cents each, three for 25 cents, the set of eight for 60 cents.

Phenomenal—The king of Fuchsias. The grandest of them all. Phenomenal is the largest-flowered Fuchsia in cultivation. The plant is a tall grower, branching like a tree. The leaves are dark, glossy green, with veins of dark crimson, giving the foliage a rich, ornamental appearance. The flowers are of enormous size, a single flower measuring three and one-half inches across. Sepals bright scarlet, with rich violet-purple corollas; very double.

Champion of the World—Large flowers, well reflexed, and of a most beautiful coral-red; corolla most intense bright dark purple; grand.

New Double Perpetual Flowering Weeping Fuchsia, Storm King—This grand plant is of the most beautiful weeping habit. The branches, drooping as they do, lend the plant a charming grace which is rarely found. The buds for two weeks before they expand are balls of glowing scarlet-crimson.

The flowers continue to grow larger and larger after they expand. The sepals are of the same glowing scarlet-crimson as the buds, while the large double corolla is of a delicate waxy whiteness, elegantly penciled with a deep and bright crimson. Its flowering qualities are most remarkable, for it is never out of bloom when it is in a healthy condition.

New Trailing Queen Fuchsia—This Fuchsia is an entirely new departure, differing from all other large-flowering varieties in its habit of growth, as it is a trailing vine. The young plants, as they commence growth, creep out to the edge of the pot and then grow trailing downward. It continues growing and branching in this way until the vines are a solid wavy mass of the most elegant foliage and flowers. The flowers are borne in large drooping clusters; very large, long, graceful.

Fuchsia.

General Roberts—A remarkable, beautiful variety of drooping habit. The blooms are from four to five inches in length; borne in large clusters; single corolla, of a rich plum color, tube and sepals crimson.

New Double White Fuchsia, White Giant—The largest and best white Fuchsia grown. Fine form, very double; color pure white. This is a better grower than Storm King, and superior to that variety, or in fact any of the white Fuchsias. We find it to be an excellent winter bloomer. It gives us much pleasure to offer this grand Fuchsia.

Speciosa—All who know it value it very highly for this quality. Habit is erect and compact, presenting a decidedly neat and attractive appearance as a pot plant. The fine star-shaped flowers are produced in profusion, and begin when plants are quite young. The flowers are three inches or more in length, tube and sepals bright rose, corolla brilliant carmine; it blooms quite freely.

Black Prince—This is, without question, the very finest Fuchsia grown for the amateur to cultivate. It makes a shapely bush, is robust in growth, free from disease and insects, and is probably the freest in blooming. We have seen specimen plants six feet in height and four feet across loaded with thousands of bright buds and blossoms of a beautiful waxy-carmine or pink color. Certainly a plant of easy culture.

THE GRANDEST OF ALL GLADIOLI

Good & Reese's International Mixture

Our International Mixture is the best in the world, and we want to say to you candidly that you have never seen Gladioli until you see these flowers. This Mixture includes all the new strains, such as "Gray's Inglesides," "Burbank's California

Gladioli.

Good & Reese's International Mixture.

low, etc., and in this particular network of charming spots and colors lies one of its special points of unsurpassed beauty. They far outrank all other Gladioli in size of spike, size of bloom, vigor, varied and magnificent coloring and freedom of bloom. Be sure and plant some of our International Mixture. 5 cents each, 50 cents per dozen, \$3.00 per hundred.

GLADIOLI TO COLOR

Our mixed Gladioli are made up from splendid named sorts, brightest and most varied colors—white, yellow, pink, rose, bluish, intense scarlet, carmine, violet, striped, blotched, variegated, etc. All old, common and poor sorts have been discarded. This mixture is of the highest grade.

Mixed, White and Light Varieties Only—First size, 4 cents each, three for 10 cents, 40 cents per dozen; \$3.00 per hundred by express.

Mixed, Scarlet Varieties Only—First size, finest scarlet

colors. 4 cents each, three for 10 cents, 40 cents per dozen, \$3.00 per hundred, by express.

Mixed, Pink Varieties Only—First size, finest pink colors. 4 cents each, three for 10 cents, 40 cents per dozen; \$3.00 per hundred, by express.

FRAGRANT HELIOTROPES

Price, 10 cents each.

Snow Wreath—Superb large clusters of deliciously fragrant flowers of pure white.

Albert Delaux—(Purple and Gold.) Foliage is a bright golden-yellow, very pronounced, and marked slightly with a delicate green. In bloom it is exquisitely beautiful, the deep lavender color of the flower contrasting admirably with the ever-varying foliage. Very free flowering; trusses large.

The Queen—For a neat dwarf habit, profusion of bloom and richness of color, this Heliotrope has no equal, and its vivid color of royal purple, with a distinct white center, gives us something entirely new in color, either for summer decoration or winter flowering. This is by far the best of all Heliotropes.

Florence Nightingale—Best free-flowering light lavender. **Chieftain**—Color deepest violet-purple, large white eye; very fragrant; the plant is of vigorous habit; very floriferous.

The above Five Heliotropes for 40 cents.

CHINESE HIBISCUS

Price, 10 cents each, any three for 25 cents. We have large plants of Hibiscus, ready to bloom, for 20 cents each. These are handsome plants.

Sinensis Giganteus—This is a plant for house cultivation during winter or summer, or for planting outside during summer. It blooms at all times of the year. The plants branch freely and flower profusely, commencing to bloom when not more than a foot high. As a specimen plant for large pots it has an equal only in the Brugmansia. Its flowers are of enormous size, often eight to ten inches across, opening flat, and of such a vivid crimson-scarlet color that they can be seen for a long distance like a flaming torch. It is hard to find anything among flowers more strikingly showy. They can be wintered in the cellar or pit with perfect safety, and if one does not care to grow them all winter, one should have one or two for summer display.

Grandiflorus—Rich, glossy cut-leaved foliage, literally covering the plant with scarlet-crimson flowers.

Sub-Violaceous—Flowers of enormous size, beautiful carmine, tinted with violet. Probably the largest flower of the Hibiscus family, and an unusually free bloomer. We take great pleasure in recommending this fine plant.

Double Crimson—This grand variety has immense flowers of the richest crimson; combined with glossy foliage, renders it best of all.

Aurantiacus—Large and double, with orange-colored flowers. **Carminatus Perfectus**—Full round flowers of perfect shape and of a rich, soft carmine-rose with a deep crimson eye; fully six inches in diameter.

Collerit—Flowers buff-yellow, with a crimson-scarlet base; peculiarly handsome and double.

Versicolor—A variety combining in its flowers all the colors of the whole family, being handsomely striped crimson, buff, rose and white. Flowers eight inches in diameter.

NEW PINK HIBISCUS "PEACHBLOW"

This is a sport from the double red Hibiscus *Rosea Sinensis*.

Hibiscus Peachblow.

The flowers are double and from four to five inches of diameter, of a charming rich, clear pink color, with small deep crimson center. It is one of the freest flowering plant novelties recently offered. The color is an extremely new and beautiful shade, and it blooms abundantly and continuously during the summer and fall months. Large plants two and three years old make a magnificent show. It will give general satisfaction to those who grow it, either in pots or planted out in the garden. It blooms well in the winter in the greenhouse or in any sunny window. 15 cents each.

SPECIAL OFFER—We will send the entire set of Nine Distinct Kinds of Hibiscus for 75 cents.

The Wonderful New Lemon Ponderosa

Our New Ponderosa Lemon is What We Claim for It! Largest, Freest Blooming, Fruiting and Most Delicious of All Lemons.

Nothing that has ever been brought to our notice in the plant line has caused half the commotion that this wonderful Lemon has. It is a true ever-bearing variety. On a plant six feet high no less than eighty-nine of the ponderous Lemons were growing at one time. It was a beautiful sight to see. The tree was blooming, and at the same time had fruit in all stages of development, from the size of a pea up to the ripe fruit, showing it to be a true ever-bearer. Fruit has been taken from this tree weighing over four pounds. The Lemons have very thin rind for such large fruit. It is the juiciest of all Lemons, makes delicious lemonade, and for culinary purposes cannot be excelled. We have the entire stock of this ponderous Lemon, and guarantee the trees to produce the same large fruit. No budding or grafting necessary. Ponderosa Lemon is sure to become popular when it is known. It fruits when quite small, and makes a lovely house plant. Everybody can grow his own lemons; it will fruit freely each year.

From the Houston Post, December 9, 1906.

Harry Adams, landscape gardener for the Sunset at San Antonio, has presented Col. T. J. Anderson a monster Ponderosa lemon from the Sunset tropical botanical gardens at the depot in that city. There were thirty-eight lemons on this tree, and the one sent is one of the largest, weighing about three pounds. It is estimated that this single lemon will make two gallons of good lemonade or two barrels of the circus variety, or material for two dozen lemon pies, or four enough to impart flavor to one hundred and fifty sour toddies, or lemon peel sufficient to decorate two hundred cocktails. Colonel Anderson sent the monster lemon to the office of Traffic Manager C. K. Dunlap.

Thrifty young plants, 10 cents each, three for 25 cents; strong one-year-old plants, many of which will fruit this year, 25 cents each; strong two-year-old plants, 50 cents each; extra strong, handsome plants, to bloom and fruit at once, \$1.00 to \$1.50 each according to size.

MAGNOLIA GRANDIFLORA

The Famous Evergreen Magnolia of the South. Plants twelve to eighteen inches high. 50 cents each.

Ponderosa Lemon.

MOON FLOWERS

New Moon Flower, Ipomœa Maxima—This grand new Moon Flower is pure white. The flowers are fully three times the size of the old variety. **15 cents each.**

New Moon Flower, Heavenly Blue—This makes a splendid companion plant to the white Moon Flower. It is equally rapid in growth, and a much freer blooming variety than the white one. The blooms come in clusters of five to twelve, and at times almost hide the vines. The flowers are the most heavenly blue, with reddish-purple rays, and are six inches across. Nothing is more beautiful. **10 cents each.**

The True Ever-blooming Moon Flower, Ipomœa Grandiflora—We have the true variety that blooms constantly. If planted out in rich ground, in a situation where it has full exposure to the sun, it will attain a height (if given a wire or string to twine on) of forty feet by October 15, blooming abundantly the entire season. It is called "Moon Flower" from its rare peculiarity of blooming best at night, although it also expands its flowers on dull days. The flowers are pure white, from five to six inches in diameter, emitting a rich Jasmine-like odor at night. The Moon Flower is a tender plant, but it can easily

be kept in the house over winter. It roots easily from slips, so that no attempts should be made to lift large plants. **Price of the True Moon Flower, 10 cents each.**

New Moon Flower.

OTAHETE ORANGE

This valuable and distinct variety of the Orange family is a dwarf, compact grower, with glossy deep green foliage, which has a decided odor of the Orange trees of Florida, and is exceedingly floriferous, producing a wonderful profusion of pure white flowers of the most delicious fragrance. Identical with the much sought for blooms of Southern Orange groves. Otahete fruits immediately after flowering, bearing fruit about one-half the size of the ordinary Orange, retaining in a marked degree its sweetness. This unique Orange cannot be equaled as a winter-blooming pot plant for house culture. Requires but little sunlight, and flowers and fruits when but twelve to fifteen inches high. As a pot plant this lovely dwarf Orange is one of the most novel and beautiful that can be grown. With a couple of plants of it you can have an abundance of the far-famed delicate and fragrant Orange blossoms. We have grown a large stock of clean, vigorous plants that will bloom and fruit at once of this beautiful Orange, and commend it to our friends as a novelty of sterling worth and merit. **Good plants, 15 cents each; strong plants, 25 cents each; extra strong plants, to bloom and bear profusely at once, 40 to 50 cents each, according to size.**

PANSIES

New Imperial German Pansies—They produce their large flowers throughout the entire summer, and have been brought as near perfection as it is possible to bring them, as the endless variety and extremely rich, brilliant and charming shades of color will convince you—color so brilliant that it was not thought possible a few years ago could be produced. The combinations of color in the same flower are exquisite and wonderful, and so delicate that no description can convey an adequate idea of their beauty. **5 cents each, six for 20 cents, 35 cents per dozen, forty for \$1.00.** Seed of the New Imperial German Pansies, 10 cents per packet.

Peperomia Muscosa or Silver-Leaved Begonia.

Peperomia.

Here is a most beautiful plant for pot culture; easy to grow and thrives anywhere; leaves deep olive-green, distinctly marked with silvery-white. **15 cents each.**

Salvias

Price, 6 cents each, 60 cents per dozen, twenty-five for \$1.00; \$3.00 per hundred, by express.

New Dwarf Scarlet Salvia, Le President—The grandest addition to our list of bedding plants. It forms a compact bush, completely covered with rich scarlet flowers. We have had plants that by actual measurement were only fifteen inches high and two feet across. As a border or vase plant it will be indispensable, and as it will bloom abundantly in pots, it will be of the greatest value as a market plant for florists.

Splendens—The standard sort for bedding; flower spikes of the most brilliant scarlet.

Alba—A white variety of Splendens; identical in every respect, except in color, which is a pure white.

Splendens Variegata—White and red flowers; very evenly striped.

New Salvia Silverspot—The distinctive feature of this splendid novelty is its strikingly handsome spotted foliage. The leaves are rich, soft dark green, with light sulphur or cream-colored spots of various sizes liberally sprinkled over them. The intense bright scarlet flowers are very large; the plants are of neat, compact habit. This will make a desirable bedding plant, rivaling the most gorgeous Coleus, its bright spotted leaves and brilliant scarlet flowers making it a most effective border.

New Dwarf Scarlet Salvia Mrs. Page—This variety simply hides the foliage and is a sheet of brightest scarlet.

Excelsior Pearl Tuberoses

The Finest in Existence. All Blooming Bulbs.

Dwarf Excelsior Pearl Tuberoses—Year after year its popularity has increased, until the demand for it has reached enormous proportions. It grows about eighteen inches high, blooms early and with the greatest freedom, matures perfectly. Flowers pure white, very double, and of immense size and intensely sweet. This is the sweetest of all Tuberoses. Fine, extra large, well-ripened bulbs, all sure to bloom. **5 cents each, six for 25 cents.**

Beautiful and Fragrant Violets

Of all delightful perfumes, that of Violets is the most delicate and pleasant, and places the modest little blue flower among our greatest favorites. Violets grow and bloom during the dead of winter with no trouble whatever if given a cool situation, but will not succeed in a warm place. Violets are now grown by the million, and where they can be grown out of doors many ladies are planting them and furnishing the cut-flower dealers of the cities with their supplies at a nice profit.

Marie Louise—To contrast with white we offer this double, deep bluish purple, sweet-scented variety. Desirable for pots and gardens. Plants hardy and bloom freely. This variety is planted by florists more largely than any other. **10 cents each.**

Double White Perpetual-Flowering Violet Swanley White, or Queen of Fragrance—Of all the white Violets, this is the best, either for pot culture in the house or beaded out. In pots it grows luxuriantly and is loaded with flowers. It is not an uncommon sight to see as many as fifty large flowers open at once, presenting a beautiful sight, their delicious perfume filling a whole room. **10 cents each.**

Lady Hume Campbell—A true ever-bloomer. This is one of the finest of all double blue Violets. It is simply wonderful the number of beautiful flowers it produces. In color it is a shade of the richest intense blue. It is a charming contrast with the white variety. **10 cents each.**

Hardy Russian—This is the hardiest of all Violets; deep rich blue color; a strong grower. You will have no trouble to grow this variety, as it thrives everywhere. **10 cents each.**

Imperial, or Parma Violet—This is, without question, the largest, richest colored and most highly perfumed of all the Violets. It blooms very freely, literally bending the plant with its lovely blue flowers of the largest size. Its blooming season is longer than any other Violet. Size of a silver half-dollar. **15 cents each.**

New Violet PEACOCK

This is an entrancingly beautiful new Violet, the markings of its charming colors are difficult to describe. The prevailing color is white, with delicate tracings and markings of sky-blue. Everybody is charmed with it. **15 cents each.**

THE SET OF SIX VIOLETS FOR 50 CENTS.

The Ever-Blooming Tritoma

Hardy Plant. The greatest bedding plant ever introduced, surpassing the finest Cannas for attractiveness and brilliancy, equal to the Gladiolus as a cut flower, and blooms incessantly from June until December, regardless of frost. Plants perfectly hardy in open ground all winter south of Philadelphia. Further north they must be protected or wintered in the cellar like the ordinary Tritoma. Just bury the roots in sand; nothing more is required. Should be planted out very early in the spring and will commence growth and bloom at once, growing larger and finer every day. Plants show six to twenty grand flower stalks all the time, each holding at a height of three to four feet a cluster of flame-colored flowers of indescribable beauty and brilliancy. Each cluster keeps perfect several weeks, and when it fades several more are ready to take its place. Fall frosts do not kill it or stop its blooming, and it is as brilliant as ever long after all other garden flowers have been killed. For cutting it is unsurpassed, and the beautiful long spikes keep several weeks in water. **Strong plants that will soon bloom, 20 cents each, three for 50 cents.**

Violet Marie Louise.

Hardy Shrubs, Vines and Plants

We offer our customers in the following list everything that is good and desirable in the hardy line. The planning of hardy stuff is becoming more general from year to year, for the reason that when once planted they are permanent, and do not require much care to have them bloom and do well. We designate after each species whether a plant, shrub or vine.

ACHILLEA Hardy Plant

New Achillea The Pearl—(The Great Cemetery Plant. A plant will produce hundreds, and even thousands, of flowers the first summer, but when established the second year they have more than five thousand perfect flowers on a plant at the same time. It commences to bloom early in July, and is a perfect mass of beautiful flowers till frost, the same bloom keeping perfect two or three months. Its flowers are pure white, perfectly double, and produced in large sprays, making it one of the finest cut flowers for bouquets, vases, baskets, etc., or for any kind of decorations. For cemetery planting it is the most valuable of all flowers. 10 cents each; three for 25 cents.

AMPELOPSIS VEITCHII—Boston Ivy

Hardy Climber—A beautiful hardy climbing plant. This is one of the finest climbers we have for covering walls, as it clings firmly to the smoothest surface, covering it smoothly with overlapping foliage, giving it the appearance of being shingled with green leaves. The color is a fresh deep green in summer, changing to the brightest shade of crimson and gold in autumn. It is quite hardy, and becomes more popular every year. Price, 10 cents each; two-year-old plants, 25 cents each; three-year-old plants, 40 cents each.

AKEBIA QUINATA Hardy Climber

A perfectly hardy, fast-growing Japan vine, with magnificent foliage, producing flowers in large clusters of chocolate-purple color, possessing a most delicious perfume, unsurpassed for covering trellises and verandas, the foliage never being attacked by insects. Price, 10 cents each.

ALTHEA, OR ROSE OF SHARON

Hardy Shrub

Also known as the Hollyhock Shrub, or Mallow. These are the most beautiful shrubs we have in our collection. The flowers are of large size, very double and full, of various brilliant and striking colors. They bloom freely during August and September, when scarcely any other shrub is in bloom. Six varieties: **Jean d'Arc**, double white; **Boule de Feu**, double red; **Duchesse de Brabant**, double pink; **Violet Claire**, double violet; **Bicolor Hybrida**, double variegated; **Snowdrift** (Totus Albus), single pure white—this is the best of all Altheas. Twelve to eighteen inches high, 15 cents each; two for 25 cents; the set of six for 75 cents; fine plants two feet high, 25 cents each.

Clematis Paniculata.

AZALEA MOLLIS**Hardy Shrubs**

The most brilliant and showy of all hardy shrubs—exceeding even the Rhododendron—and entirely hardy without protection in all situations. The bloom, which varies in color from intense rosy-crimson to lemon-yellow, literally covers the compact, spreading plant, forming a huge bouquet, and which remains in perfection for a long time in May and June. Massed they produce an effect that is actually brilliant and dazzling. **40 cents each; three for \$1.00.**

ANEMONES**Hardy Plants**

New Double Anemone, Whirlwind—This beautiful Japanese Anemone has since its introduction proved one of the finest hardy fall-blooming plants in cultivation, growing to a height of three feet, and holding up on stiff stems flowers from two and one-half to three inches across of pure white and heavy waxy texture. A large bed of this is worth going miles to see and the large, graceful flowers are unexcelled for cutting. **15 cents each.**

New Anemone, Queen Charlotte—This plant is of strong, robust growth, and commences to flower at least four weeks earlier. The flowers, which are semi-double, frequently measure four inches across, and are of that pleasing shade of pink peculiar to the La France Rose. **20 cents each.**

ASTILBE JAPONICA**Hardy Plant**

Hardy everywhere, growing about two feet high, in compact shape, with handsome foliage, from above which rise its panicles of small, feathery, white blossoms, the embodiment of grace and delicacy. Can be bloomed readily in winter. Give the plant a half-shaded position. **15 cents each.**

AQUILEGIA, DOUBLE WHITE**(Columbine) Hardy Plant**

The Columbines are old favorite late spring and early summer blooming plants, growing about two feet high, that succeed in any ordinary garden soil. **We offer the double white flowering variety, a beauty, 10 cents each; three for 25 cents.**

ALMOND**Double Flowering, Hardy Shrub**

This is the old-time favorite that our mothers planted in their gardens from time immemorial. We have two kinds, double white and double pink or rose. **Fine plants, 35 cents each.**

BOX—Dwarf Ornamental

Hardy Evergreen Shrub—This makes a lovely border, and is used largely in the South to border walks and beds. It is dwarf in growth and hardy. **8 cents each; 60 cents per dozen; \$4.00 per hundred, by express.**

BERBERIS THUNBERGIA

See Hedge Plants,

LARGE FLOWERING CLEMATIS**Hardy Vines**

Henryi—This is the finest of all white Clematis, and should find a place in every collection. Flowers large, of a beautiful creamy-white. **50 cents each.**

Jackmanii—This is perhaps the best known of the fine perpetual Clematis, and should have credit for the great popularity now attending this family of beautiful climbers. The plant is free in its form of growth, and an abundant and successful bloomer, producing flowers until frozen up. The flowers are large and of intense violet-purple, remarkable for its velvety richness. **50 cents each.**

Duchess of Edinburgh—This is, without doubt, the best of the double whites. Very free flowering, fragrant. **50 cts. each.**

Kermisenus Rubra—The color is a bright rosy-red, entirely distinct from any other sort. A persistent bloomer and strong grower, with large flowers. **50 cents each.**

New Pink Clematis, Mme. Baron Veillard—A unique shade in Clematis, a pretty lavender-pink, a fine contrast to the strong-colored sorts. Rapid in growth and slender, graceful habit. **50 cents each.**

Ramona—A lovely shade of lavender; very beautiful and distinct. **50 cents each.**

SPECIAL OFFER—The set of six distinct large-flowering Clematis for \$2.50. This is a bargain, as the roots are large and strong. The best you have ever seen.

CLEMATIS PANICULATA**Hardy Vine**

Covered in August and September with a sheet of clustered snow-white bloom of the most delicious fragrance. No other vine so completely covers itself with flowers. An arbor or portico over which this Clematis is trained is a wall of white for the time being, and what makes it the more striking is that nearly all other vines have ceased blooming at that time. Perfectly hardy; grows rapidly. **Fine vines, 15c. each; two for 25c.**

NEW HARDY CARNATION "Crimson King"**Hardy Plant**

Everybody has been asking for a hardy Carnation—one that would live out in the open ground the year round and bloom all the growing season. **Crimson King** fills all of these desirable qualities. It is a strong grower, free bloomer—blooming all through the spring, summer and fall. At this season of the year it resembles a ball of crimson fire, very bright, and attracts everyone's attention. It makes handsome plants in pots, but the best results are obtained by planting it in the flower garden. It is the only absolutely hardy Carnation grown. Be sure and try **Crimson King.** **Price for plants to bloom freely this summer, 25 cents each.**

Crimson King.

Price for plants to bloom freely this summer, 25 cents each.

CHIONANTHUS, or WHITE FRINGE**Hardy Shrub**

This is a lovely shrub bearing flowers that give it the appearance of being covered with white fringe; very fragrant. **25 cents each.**

CALYCANTHUS FLORIDUS

Hardy Shrub. The old-fashioned sweet-scented shrub. A very compact-growing bush, producing its highly scented flowers in springtime. A universal favorite. It is sometimes called "Strawberry Shrub," from its delicious odor. Flowers dark chocolate-brown. **Twelve to eighteen inches, 20 cents each; eighteen to twenty-four inches, 30 cents each.**

CORNUS FLORIDUS

Hardy Shrub. This is the beautiful white-flowering Dogwood, that is indigenous to the forests in parts of the United States. A charming shrub. Bears its large white flowers in May. **15 cents each.**

Select List of Hardy POMPON CHRYSANTHEMUMS HARDY PLANTS

These beautiful varieties are again very popular for outdoor bedding purposes. They are quite hardy, and with but a slight covering of leaves or coarse stable litter during the winter will take care of themselves after once planted, and produce an abundant, almost lavish, profusion of blooms, and the plants lend a coloration to the garden just at a time when other plants have been destroyed by frost and are looking their worst. Frost does not materially affect the flowering, and it will frequently happen that an armful of flowers can be cut after a sharp frost.

Climax—Deep rosy-pink.

Dinizulu—Rosy-lake; very fine.

Eleganta—Deep pink, tipped and edged white.

Fairy Queen—Beautiful combination of pink and yellow.

Goldfinch—Magnificent; gold, shaded crimson.

Golden Fleece—Large; bright lemon-yellow.

Kadar—Clear magenta.

Labanah—Pale primrose pink.

Mrs. Vincent—Large; deep purplish-rose.

Prince of Wales—Magnificent; pure white.

St. Iloria—Silver-pink; a superb sort.

Veuve Cliquot—Brick-red, edged brilliant yellow.

The above is a choice collection of Hardy Chrysanthemums. Price, 10 cents each; three for 25 cents; seven for 50 cents. The set of twelve for 90 cents.

CINNAMON VINE

Hardy Vine—A pretty hardy vine, with edible roots and neat, glossy, cordate foliage. In midsummer it bears clusters of tiny, but exceedingly fragrant flowers, with an odor like cinnamon, 5 cents each; six for 25 cents.

CYDONIA JAPONICA

(Japanese Quince)

Hardy Shrub. Bright scarlet-crimson flowers in great profusion. 20 cents each.

CORCHORUS KERRIA JAPONICA

A graceful, slender shrub, growing four to five feet high, flowering with double yellow flowers from early summer until fall. As pretty as a Rose in shape of flower, and very ornamental as a plant for the lawn. 15 cents each.

CARYOPTERIS MASTACANTHUS

Blue Spirea

Hardy Plant. It is a sturdy, upright grower, and is extremely floriferous, plants from small pots blooming profusely and continuing to do so throughout the season until they reach a height and width of three feet. The dense flower heads are of a rich lavender-blue, a rare color among flowers. Blooming plants, 10 cents each.

DAISY, SNOWCREST

Hardy Plant

A perfectly double white hardy daisy. 10 cents each.

SHASTA DAISIES

Hardy Plant. See page 27 for description and price.

DELPHINIUM FORMOSUM

Larkspur.

Hardy Plant. The old favorite dark blue variety. Grows three to four feet high. Flowers from June until frost. 15 cents each; three for 25 cents.

DEUTZIAS

Hardy Shrubs

Deutzia Gracilis—Covers itself with pure white bell-shaped flowers.

Deutzia Crenata, fl. pl.—Flowers double and white, tinged with pink, in racemes four or five inches long; one of our finest hardy shrubs.

Lemoinei—Double white; very fine.

Pride of Rochester—Double pure white flowers.

Price of above Deutzias, shrubs twelve to eighteen inches, 15 cents each; three for 40 cents; eighteen to twenty-four inches, 25 cents each.

DICENTRA SPECTABILIS

Hardy Plant

Bleeding Heart—One of the most beautiful of hardy border plants. Flowers in the early spring, with rose-colored, heart-shaped flowers; grows about two feet high. 20 cents each; three for 50 cents.

EULALIAS

Hardy Grasses

Japonica Zebrina—The variegation of the foliage is evenly striped crosswise with broad bands of golden-yellow. Perfectly hardy. 10 cents each.

Japonica Variegata—A favorite ornamental plant, having long, narrow leaves, striped white and green. 10 cents each.

Gracilis Univittata—Narrow green leaves and silvery-white midrib. Nothing is more beautiful than a well-developed clump of this variety. Can be grown in any soil. 10 cents each.

The three Eulalias for 25 cents.

FORSYTHIA

Viridissima, or Golden Bell

Hardy Shrub. Foliage deep, shining green, flowers bright yellow. A fine hardy shrub, and one of the earliest to flower in the spring. Twelve to eighteen inches, 10 cents each; two to three feet, 25 cents each.

FUNKIA

Hardy Plant

Funkia Alba—(White Day Lily, or White Plantain Lily.) The Funkias all make handsome, showy plants, and this is the best of its class. Beautiful, broad, ovate leaves, with large, lily-like, pure white, fragrant flowers. 15 cents each; two for 25 cents.

Funkia Variegata—An excellent variety, with broad green leaves, distinctly banded; creamy-white flowers, lavender-blue, 15 cents each.

The two Funkias for 25 cents.

THE KING OF ALL SHRUBS

New Hydrangea Arborescens Grandiflora Alba

The Most Valuable Hardy Shrub Ever Introduced.
Well Named "Hills of Snow."

This magnificent hardy American Shrub is the very finest addition to this class of plants found in many a year. The blooms are of the very largest size, of pure snow-white color, and the foliage is finely finished. One of its most valuable characteristics is its coming into bloom just after the passing of all the early spring shrubs, while its long season of bloom, from early June through August, renders it doubly valuable, not only to the florist, but to every owner of a garden; perfectly hardy, standing twenty degrees below zero. The form of the panicles is much like that of Hyd. Hortensia; the habit of the plant is excellent; it is bound to become the most widely grown and the most useful of all the Hydrangeas, and the most valuable shrub found in the American garden. Young plants, 15 cents each; two for 25 cents; strong two-year-old plants, 40 cents each; three for \$1.00.

Photograph of Hydrangea Arborescens, Four Years Old.

Honeysuckle.

HYDRANGEA PANICULATA

Hardy Shrub. A great favorite, and there is nothing finer or more showy, whether for planting in large masses in parks or for single plants on the smallest lawns. Bloom profusely from July until frost, in immense white panicles, tinted with pink and then with brown in the fully matured flower. The plant should be cut back each spring fully one-half of the past season's growth, as the flowers are much finer if the plant is treated in this manner. **15 cents each, three for 40 cents; strong flowering plants for immediate effect, 35 to 50 cents each, according to size.**

TREE-SHAPED HYDRANGEAS

These are fine specimen plants four and five years old, trained to tree shape with about three feet of straight stem and nice shaped heads. Should bloom profusely the first year. Before shipping they are all trimmed the proper length for planting, so that they will make a better growth and larger flowers. **By express only, 50 cents each; three for \$1.25.**

HIBISCUS, CRIMSON EYE (Hardy Plant)

This magnificent Hibiscus is unequaled among hardy plants for gorgeous beauty. The flowers are immense in size, often measuring twenty inches in circumference. The color is the purest white, with a large spot of deep velvety crimson in the center of each flower. **Good, strong plants, to bloom this year, 15 cents each.**

HYPERICUM MOSERIANUM**Gold Dust Shrub**

Hardy Shrub. Forms a bush two to two and one-half feet high, of slender, well-branched stems, producing its bright golden-yellow flowers all summer. **10 cents each.**

HELIANTHUS MULTIFLORA**Hardy Sunflower**

Bears a profusion of perfectly double, bright golden flowers about the size and form of a nice Dahlia, for which it is sometimes mistaken. One of the really good things which should be in every garden. **10 cents each; three for 25 cents.**

HOLLYHOCKS (Hardy Plants)

We have them in all the colors, all double-flowering. **20 cents each; three for 50 cents.**

HEDGE PLANTS**Hardy Shrubs**

Price of Privet as named below, all entirely distinct, 12 to 18 inches, 10 cents each; 75 cents per dozen; \$5.00 per hundred by express.

California Privet. It is very hardy, easily and quickly pruned and will grow almost anywhere. Fine for division fences between city yards.

Amoor River Privet. This is the more graceful of all the privets; the leaf is small and rounded; plant branching; has not the stiff effect of the California Privet.

Berberis Thunbergia. Of spreading habit, growing extremely thick right from the base and requires but little pruning to keep it in shape. **10 cents each; 90 cents per dozen; \$6.00 per hundred.**

HYACINTHUS CANDICANS**Hardy Plant**

A species of Hyacinth which blooms during August and September, grows three to five feet high, with spikes of pure white flowers two feet in length. The bulbs are large, round and solid, and throw up large flower stems which are gigantic spikes of thimble-shaped white blossoms. Planted in spring, they bloom in August, September and October, strong bulbs producing two, three and even four flower stems. **10c each; three for 25c.**

HONEYSUCKLES**Hardy Vine**

Price, 10 cents each; set of six for 50 cents

Aurea Reticulata. (Golden-leaved.) A variety with beautiful variegated foliage of yellow, white and pink.

Chinese Evergreen. Blooms nearly all the season; deliciously fragrant; flowers buff, yellow and white.

Hall's Japan. This is the most consistent bloomer of the class, being literally covered all summer with beautiful yellow and white flowers; very fragrant.

Belgian, or European Sweet-Scented. Sometimes called Monthly Fragrant, or Dutch Honeysuckle. A fine hardy grower, flowers large and exceedingly sweet; color buff, yellow and red; a constant bloomer. The finest Honeysuckle suitable for trellis or pillar.

Scarlet Trumpet, or Red Coral. A rapid grower, bright red, with trumpet-shaped flowers. This is the old, well-known variety.

Yellow Trumpet. Golden-yellow, trumpet-shaped flowers; fragrant.

THE BEAUTIFUL IRIS KÄMPFERI**Hardy Plant**

See Third Cover Page for description and price.

KUDZU VINE**Or Jack and the Beanstalk**

Hardy Climber. Here we have a new hardy Japanese vine that makes a growth of from fifty to seventy-five feet in one season. The foliage is very tropical. If you want a vine to cover a porch, arbor or screen of any kind, the Kudzu Vine will fill the bill. **15 cents each, two for 25 cents.**

HARDY LILIES**Hardy Bulbs**

Lilium Auratum. (Golden-rayed Queen of Lilies.) This is the grandest Lily grown, and a never failing delight. The

perfume is exquisite — light, yet penetrating. Also known as "Gold-banded Lily from Japan." **25 cents each.**

Elegans. (Thunbergian Lily.) Truly magnificent, being Tulip-shaped, and blooms in June or early July. The blossoms are large and exceedingly showy, being of a brilliant red, flamed yellow. **20 cents each, three for 50 cents.**

Hemerocallis Flava. (The Lemon Lily.) This is entirely hardy and bears flowers of a lemon-yellow color. Very desirable. **15 cents each.**

Harrisii.

(The Bermuda, or Easter Lily.) Pot and treat the same as for Hyacinths. Each bulb will give from six to twelve flowers, in many cases many more. The flowers are fully six inches in length, of the purest white, and of the most delicious fragrance. **Fine bulbs, 20 cents each.**

Candidum. (The Ascension Lily.) The well-known hardy garden Lily. Snow-white, fragrant blossoms. One of the best and an established favorite. **20 cents each, three for 50 cents.**

Speciosum Rubrum. A beautiful bright rose, spotted with a dark velvety crimson. **20 cents each.**

Speciosum Album. Very fragrant; large flower; a pure white, with a green band running through the center of each petal; one of the best. **25 cents each.**

Tigrinum Flore Pleno. (The Double Tiger Lily.) Bright orange, spotted black and very double. **25 cents each.**

Lilium Auratum.

LILY OF THE VALLEY

Hardy Plant

The Lily of the Valley is one of those delicate, sweet little flowers that not only easily win our love, but keep it forever. Put four or five or a half-dozen pips or bulbs in a pot, and in about four or five weeks they will flower. In the spring transfer them to the garden. **Fine pips, 5 cents each, 35 cents per dozen.**

LILACS

Hardy Shrubs

Purple Lilac—This is the old-time favorite of everybody's garden. **20 cents each.**

White Lilac—Its pure white, graceful plumes of fragrant flowers add grace and beauty to bouquets, vases, etc. As a cemetery plant it is without a rival. The plants we offer are unusually fine. **20 cents each.**

HARDY MOON VINES

Pure white flowers and perfectly hardy. **10 cents each.**

HARDY MAGNOLIAS

Hardy Trees

They soon grow into large trees, and make handsome specimens, bearing their large, fragrant magnolia blossoms. In the early spring they literally hide the tree. Very desirable. We offer three colors of Magnolias that are hardy in any climate—six of the best varieties, all distinct and entirely different. **Strong plants, four feet high (except Halleana Stellata which is two feet high), \$1.00 each, two for \$1.75, or the entire set of six for \$5.00.**

Alexandrina—Bright pink.

Soulangeana—Deep rose.

Halleana Stellata—Pure white; double flowers; very fragrant.

Purpurea—Royal purple.

Lenne—Bright red.

Speciosa—Pure white.

The above Hardy Magnolias can only be sent by express; do not order them sent by mail.

BEAUTIFUL JAPANESE MAPLES

Hardy Trees

Make nice, bushy little trees, and are highly valued for yard and lawn planting on account of their brilliant colored foliage, which is blood-red, scarlet, purple, golden-yellow and deep green. They are exceedingly beautiful, both in the spring and fall, and though they are among the rarest and most handsome ornamental trees to be found, they are only seen in the finest places. We have a fine stock this year, however, and offer six splendid varieties. **50 cents each, the six Maples for \$2.50.**

Dissectum Atropurpureum—Red fern-leaved Maple.

Roseum Marginatum—Pink striped; fine foliage.

Japonicum Aureum—Golden-yellow; distinct.

Versicolor—Deep green, with white or silver variegations.

Felicifolium—Deep olive-green; finely cut fern leaves; extra fine.

Atropurpureum—Leaves a royal purple.

CHINESE MATRIMONY VINE

It is hardy everywhere. As a vine for permanent effect, for shading a sunny window, covering an arbor or veranda, and for perfect hardiness cannot be excelled. Pale purple flowers and scarlet berries are constantly appearing from early spring until late in the fall. Do not confound them with the old sort. **10 cents each.**

HARDY PERENNIAL PHLOX

Hardy Plant

These noble flowers are not only beautiful as individuals, but the cheerful appearance of our gardens during the summer and autumn months is much indebted to them. They succeed in almost any position or soil, and can be used to advantage either as single specimens in the mixed border or as large clumps or beds on the lawn. To produce the best results, however, they should have a rich, deep and rather moist soil, and let each clump have a space of from two to three feet in which to develop. They will continue to thrive for several years with little attention, as is attested by the fine clumps about old homesteads. The ease with which they are cultivated, their entire hardiness and the extended time of blooming, combined with the varied

and beautiful coloring, make them especially valuable for garden planting. The Perennial Phlox commences to bloom in early summer, and exhaust themselves in the fall.

Price for field roots, 15 cents each, four for 50 cents; the set of twenty for \$2.00.

Alceste—Deep violet, shading almost to blue.

Athis—Deep clear salmon. Some claim this to be the showiest variety in cultivation.

Beranger—Ground color white, delicately suffused with rosy-pink, and distinct eye of same color; exquisitely marked.

Bridesmaid—Pure white, clear carmine eye; blooms in large round heads; attractive.

Coquelicot—The finest and brightest red of all the Phlox. The color is a bright orange-scarlet.

Cross of Honor—Evenly marked with lavender and white.

Diplomat—Creamy-white; large red center; fine head.

Esclarmonde—Clear rosy-lilac, deeper eye, exquisitely rayed and shaded.

Eclairer—Clear rosy-magenta, with large lighter halo; large florets and magnificent bedder.

Henry Murger—Enormous pure white flowers, with very large, showy, deep carmine eye or center; fine florets and trusses; extra.

Independence—An excellent large-flowering early pure white none better.

Jeanne d'Arc—Large pyramidal heads of immaculate white; late.

Lumineaux—Exceedingly large and strikingly brilliant. Color rosy-pink; base of petals white, with rich carmine eye.

Hardy Perennial Phlox.

L'Esperance—Clear, rosy-lilac; large white eye distinctly rayed; large florets and an even bloomer.

Lothair—Clear, even carmine, deep crimson eye.

Madame P. Langier—Clear crimson, deeper eye; considered one of the best.

Maculata—(Early.) Tall-growing, many-branched, pyramidal trusses of bright reddish, almost royal purple; the freest and showiest in permanent border; a grand acquisition to the Hardy Phlox.

Peachblow—Delicate peachblow-pink, shading to white; large trusses; elegant.

Richard Wallace—Pure white, with violet-rose eye; large flowers in immense panicles. Too much cannot be said of this variety.

R. P. Struthers—In our estimation the very best Phlox grown today—it has no faults. Color, clear cherry-red, suffused with salmon shades; deep red eye; fine large truss. The color is so clear and clean that each individual floret stands out as distinct as a cameo.

PRIVET OVALIFOLIUM**Hardy Shrub**

California Privet—Makes one of the most handsome hedges imaginable. Wherever a close, compact hedge is desired we recommend California Privet. Should be planted eight or ten inches apart to give best results. It is very hardy, easily and quickly pruned, and will grow almost anywhere. Fine for division hedges between city yards. **Twelve to eighteen inches high, 10 cents each, 75 cents per dozen, \$5.00 per hundred; eighteen to twenty-four inches high, 15 cents each, \$1.00 per dozen, \$6.50 per hundred.**

PEONIES**The "Pineys" of Our Mothers' Gardens****Hardy Plant**

See pages 13, 14 and 15 for description and price.

TREE PEONIES**Hardy Plant**

These species, natives of Japan, are a grand addition to a garden. They do not die down to the ground, like the herbaceous sorts, but make fine bushes, three to four feet high, covered in spring with immense flowers, and present an elegant appearance. We can do Tree Peonies in the following colors: White, red, pink, violet, white with lilac, and white with violet. **75 cents each, three distinct colors for \$2.00.**

PYRUS JAPONICA**Hardy Shrub**

Burning Bush, or Japan Quince—One of the most hardy flowering shrubs. A splendid lawn plant. The bright scarlet flower, produced before the foliage, makes a gorgeous display. **Twelve to eighteen inches high, 20 cents each.**

PLUMBAGO LARPENTÆ, or Lady Larpent**Hardy Plant**

A dwarf-growing plant bearing deep blue flowers all summer. It is so floriferous as to look like a mass of blue color. It is the deepest blue of all flowers, and is perfectly hardy everywhere. Desirable. **10 cents each.**

PHILADELPHUS, or SYRINGA**Hardy Shrubs**

Philadelphus Grandiflorus—(Mock Orange.) A large-growing shrub. Flowers snow-white, in great profusion, with delicious Orange fragrance; very desirable; June to July.

Philadelphus Coronarius—(Mock Orange.) A medium-sized shrub, bearing an abundance of white, sweet-scented flowers; last of May.

Price of above Philadelphus, twelve to eighteen inches, 15 cents each; two to three feet, 35 cents each.

PICEA PUNGENS GLAUCA**The Colorado Blue Spruce**

Hardy Evergreen—There is nothing in the Evergreen line that is as fine as this Colorado Blue Spruce. It is entirely hardy, grows into a shapely tree without any pruning, while the color of the foliage is a beautiful blue. It is scarce, and always will be. We recommend it as being very valuable. Be sure and try it. **Fine plants, 75 cents each; extra fine plants, \$1.50 each.**

PLATYCODON GRANDIFLORUM**Bush Clematis**

Hardy Plant. A free-flowering plant, covered with flowers that resemble somewhat the Clematis, hence its name; deep blue, cupped; star-shaped flower. **10 cents each, three for 25 cents.**

PURPLE FRINGE, or SMOKE TREE**Hardy Shrub**

A beautiful, distinct and large hardy shrub. Much admired for its long, feathery flower stalks, which give the tree the appearance of being covered with a cloud of smoke. **20 cents each.**

PASSIFLORA CONSTANCE ELLIOTT**Hardy Climber**

The pure white-flowering Passion Flower; hardy.. **Price, 10 cents.**

HARDY SCOTCH, or SWEET MAY PINKS**Hardy Plants**

These are the Pinks of our mothers' gardens. The colors are of the various shades of maroon, carmine and rose, beautifully laced and banded, on white ground. The flowers are perfectly double, clove-scented, and the plants will stand out of doors year after year, being entirely hardy. **10 cents each, three distinct colors for 25 cents.**

New Hardy Scotch Pink, Her Majesty—Pure white flowers. **10 cents each, three for 25 cents.**

RUDBECKIA LACINIATA**Hardy Plant**

"Golden Glow"—"When I saw the double-flowering form of Rudbeckia Laciniata in bloom in your grounds last year I was amazed, for not withstanding my long and intimate acquaintance with plants, I had never before seen a double-flowering Rudbeckia, and I was delighted with the fullness and gorgeousness of the blossoms and their clear, bright yellow color. You gave me a plant last spring, and it was set out in good garden ground. It grew vigorously, and threw up strong, branching flower stems six feet high, laden with sheaves of golden blossoms as large as fair Chrysanthemums, and all having an elegant, graceful appearance, without any of the stiffness of habit or blossom peculiar to Sunflowers. Many eminent florists and amateurs have seen it here, and all admired it. As cut flowers the blossoms last well. In fine, I unhesitatingly regard it as the most desirable introduction among hardy perennials since we got Clematis Paniculata." It is the most effective flowering plant for August and September in cultivation. This plant is entirely hardy, and grows into beauty each year. Do not fail to try it. **10 cents each, three for 25 cents.**

RED BUD**Cercis Canadensis**

Hardy Shrub. This is the most beautiful of all early-flowering shrubs; in bloom in the early spring, and literally hides the bush with its lovely peach-pink blossoms; everybody should plant this. **10 cents each, three for 25 cents.**

RHODODENDRON, ROSE BAY**Parson's Hardy Varieties**

Hardy Shrub. One of the most valuable of our hardy decorative plants. The leaves are broad, glossy and evergreen. In June, when the masses of rich glossy green are surmounted with scarlet, purple and white clusters, each cluster large enough for a bouquet, the display is worthy of admiration. The plants we offer are twenty-four inches high, well established, well set with buds. Don't confound these plants with the cheap kinds offered by some, as they are not the same. **\$1.00 each.**

Album Grandiflorum—White.

Caractacus—Crimson.

Fastuosum—Lavender.

General Grant—Rosy scarlet.

General Lee—Dark purple.

Gloriosa—Large blush.

'resident Lincoln—Deep rose.

Roseum Elegans—Bright pink.

If Rhododendrons are to be sent by mail, add 25 cents for postage for each plant.

We can supply a smaller size of the above varieties of Rhododendrons, nice plants, but with less flowering buds on, for 75 cents each, postage paid.

SAGE, HOLT'S MAMMOTH**Hardy Plant**

Plants of strong growth; leaves very large, borne well above the ground, are of unusual substance, strong flavor and superior quality. **10 cents each.**

SPIREAS**Hardy Shrub**

These are beautiful shrubs of easy culture. Very desirable for shrubberies or for planting on the lawn as single specimens. Plants twelve to eighteen inches high, **15 cents each**, except where noted; eighteen to twenty-four inches high, **25 cents each.**

Van Houtte—(Bridal Wreath.) The grandest of all the Spiraeas. It is a beautiful ornament for the lawn at any season, but when in flower it is a complete fountain of white bloom; the foliage hardly showing. Clusters of twenty to thirty flat white florets make up the raceme, and these clusters are set close among the drooping stems. Perfectly hardy and an early bloomer.

Anthony Watterer—This beautiful gem makes a low, compact bush fifteen to eighteen inches high, and is covered nearly the whole growing season with large umbels of deep crimson flowers which measure nearly a foot across. When scarcely three inches high it begins to bloom, and therefore is seldom out of flower. As a pot plant or for growing in the open ground nothing can equal it. Perfectly hardy, it is unquestionably one of the really meritorious plants that we cannot have too many of.

Reevesii—Foliage lance-shaped growth, drooping and very graceful; lovely white flowers.

Spiraea Prunifolia—(The Bridal Wreath.) Lovely double pure white flowers. **20 cents each; two-year-old plants, 35 cents each.**

STOKESIA CYANEA, or Cornflower Aster**Hardy Plant**

The plant grows from eighteen to twenty-four inches high, and produces the Centaurea-like lavender-blue flowers, four to five inches in diameter, from early in July until late in October. even after frost has destroyed nearly all other outdoor flowers. It is of easiest culture, succeeding in any open, sunny position. Not only is it desirable as a single plant in the mixed border, but it can also be used with good effect in large, solid masses, and at the same time it is invaluable as one of the finest cut flowers. We have no hesitancy in saying that the Stokesia is the one most desirable hardy plant on our list. **10 cents each, three for 25 cents.**

VIBURNUM**Hardy Shrub**

Sterilis—(Common Snowball.) Attains a height of ten to twelve feet. Blooms in the latter part of May. Used extensively for decorating. Flowers pure white, large balls, frequently borne in clusters of five or six. **20 cents each.**

Plicatum—(Japan Snowball.) This Japanese variety of the old-fashioned Snowball is one of the most valuable of our hardy shrubs. It forms an erect, compact shrub, six to eight feet high, blooms in June, and for a long time is a solid mass of white, the plants being completely covered from the ground to the top of the branches with large balls of flowers white as snow. The foliage in early summer is an olive-green, turning to a very dark green later in the season. **25 cents each.**

CHINESE WISTARIA**Hardy Vine**

A popular hardy vine. It grows very rapidly, climbing to a height of fifty feet or more. Desirable for porches, trellises, etc., and when in full bloom is truly magnificent. It flowers in early spring, in long, drooping racemes, resembling in size and shape a bunch of grapes. **10 cents each; large plants, 25 cents each.**

WEIGELAS**Hardy Shrubs**

Beautiful shrubs that bloom in June and July. The flowers are produced in so great profusion as almost entirely to hide the foliage. They are very desirable for the border or for grouping and as specimen plants for the lawn.

Candida—A vigorous, erect grower. Flowers pure white, borne all through the summer months. One of the most free blooming of all Weigelas.

Rosea Nana Variegata—One of the most conspicuous shrubs that we cultivate. Leaves beautifully margined creamy-white, flowers pink. It is a dwarf grower, and admirably adapted to small lawns and gardens.

Rosea—A beautiful shrub with rose-colored flowers in May and June.

Price of above Weigelas, twelve to eighteen inches, **15 cents each; eighteen to twenty-four inches, 30 cents each.**

YUCCA FILAMENTOSA, or Spanish Dagger**Hardy Plant.**

Entirely hardy everywhere. Blooms every year, bearing long stalks, surmounted with large umbels of white flowers. Fine, stately lawn plants. **10 cents each.**

Garden Implements**Rubber Sprinkler.****Excelsior Weeder.****Solid Steel Trowel.**

Some very useful articles for the ladies who work in the flower garden.

Rubber Plant Sprinkler—Indispensable for floral work and window gardening. Used to apply Thompson's Rose Nicotine. Invaluable when once tried. Useful for dampening clothes or sprinkling in any way. Price, by mail, \$1.10; by express, \$1.00.

Trowel, Solid Steel—Absolutely the best trowel in the world. One solid piece of steel, and will outwear several of the ordinary sort. Price, prepaid, 60 cents; by express, 50 cents.

Excelsior Weeder—A very useful little tool for weeding seed beds, stirring the ground, etc. Price, postpaid, 25 cents.

Bowker's Ammoniated Food for Flowers

A new, odorless fertilizer for pot plants. Makes plants grow and bloom luxuriantly, and drives insects from the soil. It starts the plants at once into a healthy and vigorous growth and abundant bloom. It drives worms and other troublesome insects from the soil. It has no disagreeable odor, and is the only artificial fertilizer which can be used without danger of injury to the plants. It takes the place of liquid manure, and is just the thing that has been wanted for a long time. We have sold tens of thousands of packages of it, and have yet to hear the first complaint. If your plants are doing poorly, get a package, and see how quickly they will be benefited. It acts like a charm. The Ammoniated Food is put up in wooden boxes, with attractive wrappers. One package, sufficient for twenty-five ordinary-sized plants for one year, for 50c. Sent by mail, postage prepaid, on receipt of price.

THOMPSON'S ROSE NICOTINE

Thousands of lovers of flowers and plants have been so discouraged in their efforts of growing them, due to the ravages of the Rose Bug and other insects, that they have given up in despair. Many have tried Paris Green, Hellebore, Kerosene Emulsion, Tobacco Water, Soaps and dust and some proprietary products without effect, unless used strong enough to kill the plant, or if fairly effective the odor, or the powder, has been so disagreeable as to prevent its use.

Equally as much trouble with insects is experienced in raising fruit or growing vegetables, and viewed from a financial standpoint it is of greater importance. Something should be used as an insecticide that is odorless and leaves no residue or sediment after spraying, and such a product is found in Thompson's Rose Nicotine, which makes an odorless, colorless and "death to insect" spray. It is acknowledged by entomologists to be the most powerful and safe insect and parasite destroyer known and is used by the U. S. Department of Agriculture.

OUR GUARANTEE

On presentation to us of a written and signed statement that **Thompson's Rose Nicotine or Fumigator** does not kill insects or parasites as claimed, your money will be refunded. We, however, direct your attention to the fact that as insects are always in the air, your flowers, vegetables, etc., may again become infested after once getting them clean, **therefore we do not guarantee to keep them clean forever.** This also

applies to dogs and cats, when again exposed to lousy animals. **Always spray the under side of the leaf, where the insects live.**

Thompson's Rose Nicotine is put up in 35-cent (makes 1½ gallons spray) and 60-cent (makes 6 gallons) cans, and the **Fumigator** is put up in 25-cent boxes. The Fumigator can be used to fumigate plants to kill insects. Can only be sent by express at above prices; we prepay expressage.

The Beautiful Japanese Iris Kempferi. *Hardy Plant.*

With a great blaze of splendor the Japan Iris brings the Iris season to a close, being the last to bloom (latter part of June) it is a glorious Climax to the Grand Iris Procession. They are the most wonderful, and the Crowning Glory of all the Iris with their great blooms measuring nearly a foot in diameter rising on tall stems to a height of 4 to 5 feet. They are perfectly hardy; producing a dozen flower spikes, each spike bearing from two to four enormous blossoms eight to ten inches across and of the most delicate and beautiful colors, markings and combinations. The colorings of the Japanese Iris are as brilliant and as delicate hues as the most gorgeous of highly colored orchids.
